

CONCERTO LOFTS - TESLA CHARGING STATIONS READY FOR USE

November 2, 2023

Dear Concerto Resident

The Tesla EV charging stations are now ready for resident use! If you do not have a Tesla, please use the attached QR code to download instructions for charging. A few things about the stations:

- ✓ Please be courteous to your neighbors and mindful to other vehicles when using the charging cord across parking spaces.
- ✓ Please wind up the cord and place it back on the station when finished. This will avoid any tripping hazard or potential damage to a cord not visible on the ground.
- ✓ The stations are Tesla universal chargers and will work with any electric vehicle.
- ✓ The wi-fi name is "Tesla Charger" followed by different numbers.
Ex: Tesla Charger 1, Tesla Charger 2.
- ✓ The temporary wi-fi password is Tesla123.4 Management will send another eblast when the permanent password (concerto90094) is ready for use.
- ✓ The current cost for usage is \$0.29 per KWH.

Please note for the first 30 days, there may be delays with connection and/or charging may not be available as the system settles and updates are pushed through. During this time, the installation vendor will be monitoring for any consistent lapses or issues that need to be addressed. If you have any questions, please contact management at andrea.thrower@seabreezemgmt.com.

Thank you!
