2026 FIRE DISTRICT BUDGET MESSAGE & ANALYSIS

Moorestown Township FD No. 2

FISCAL YEAR: January 1, 2026 to December 31, 2026

Answer all questions below using the space provided. Do not attach answers as a separate document.

1. When is the Fire District's annual election? (February and/or November)

February

If November, was the resolution submitted to the Division?

2. Complete a brief statement on the 2026 proposed Annual Budget and make comparison to the 2025 adopted budget.

The 2026 proposed budget finds appropriations have increased significantly over 2025. This is driven mostly by the purchase of new SCBA Air Packs at a cost of \$236,250 which are being purchased with the assistance of a FEMA Assistance to Firefighters grant. The price of the airpacks has increased 5% since the grant was awarded resulting in an increased amount the District must appropriate. Increases in appropriations also become necessary due to increased maintenance costs for our ageing apparatus. Less fund balance is used in this budget, partially due to recognizing increased hall rental income. Salaries and wages are only a modest increase due mostly to a retirement of an administrator and despite a large increase in the cost of health benefits.

3. **Explain any variances over +/-10% for each line item.** Attach in FAST any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item. **Be sure to include ALL items for F-2, F-3, and the detail sheets.**

Revenue in F2 has Unrestricted fund balance decreased 16.4% due to lower spending overall with the exception of the operating grant revenue of 192,406 from FEMA's AFG program which replaces our overage SCBA units. Operations Salary and Wages increased 10% due to contracted raises and increasing our duty crew firefighters program from \$25,000 to \$75000. Maintenance and repairs increased 24.1% due to need to service our aging fleet. With the newest engine being 10 years old and the oldest 25 years old maintenance costs are increasing. The increased costs of maintenance far outweigh the cost of a new apparatus purchase. Firefighting equipment is a 60% decrease due to the major purchase being the capital purchase of the mentioned SCBA purchase that is funded mostly by the FEMA grant. Fire prevention materials fall fully under the operating budget as they were previously paid from the Appropriations offset with Revenue. The salary of the Fire Code Official now takes up all of that line item along with a portion of his fringe benefits. The rest of the benefits are reported under the Salaries and Wages page. Capital appropriations increased due to the SCBA purchase. F-3 Detail Misc# is Admin expenses increases of 21% due to Quickbooks price doubling and the need to replace aging IT components and several computers. Misc* increase of 31.1% is due to change in fire prevention inspection software. F-3 Detail 3 Vehicles and equipment maintenance needs detailed above. We have a \$9200 ladder repair budgeted and \$12000 to replace tires on the two engines that are outdated. Buildings and grounds updates increase due to rising costs from suppliers necessitating budget increases.

Answer all questions below using the space provided. Do not attach answers as a separate document.

4. Complete a brief statement on the impact the proposed Annual Budget will have on the Amount to be Raised by Taxation, the use of the Restricted and Unrestricted Fund Balance(s) and how they are complying with the Property Tax Levy Cap. If Unrestricted Fund Balance is reduced by more than 10%, explain the projected impact on the following year's budget.

The proposed 2026 annual budget complies with the Property Tax Levy cap with a 2% increase over 2025. Appropriations are up driven mostly by the purchase of new SCBA Air Packs at a cost of \$236,350 which are being purchased with the assistance of a FEMA Assistance to Firefighters grant. The price of the airpacks has increased 5% since the grant was awarded resulting in an increased amount the District must appropriate. Increases in appropriations also become necessary due to increased maintenance costs for apparatus. Less fund balance is used in this budget, partially due to recognizing increased hall rental income. The SCBA will be purchased as a capital project and we intend to transfer \$50,000 to restricted capital funds for future outlays.

5. Does the Fire District plan on exceeding the Levy Cap? If so, please provide a statement with the reasons for exceeding the Levy Cap and identify the appropriations that caused the Fire District to exceed the Levy Cap, and how they are being addressed by a referendum.

No

6. If the Fire District plans to pass a Resolution for the Release of Restricted Fund Balance to be used in the 2026 proposed operating budget, explain the reason and purposes of the appropriation.

N/A

7. Complete a brief statement on the Annual Budget's proposed capital appropriations including debt service for the proposed budget year and for future years.

The proposed 2025 budget includes \$50,000 of Capital Appropriations as a Contribution to the Reserve for Future Capital Outlay(\$50,000)
