

I know not whether I  
Am Plagued by these thoughts,  
Or if this world  
Is Plagued by one such as I,  
Who would think such  
Vile, indescribable depictions.  
Filthy, as described by society.  
I know not whether this,  
Is I,  
Or whether I  
Am just a broken child,  
Lost in an abandoned playground.
