DALLAS
PALMS

GREETINGS!

Palette to Palate welcomes you to celebrate the at-risk children of Dallas with an evening of art, food, wine, and giving featuring some of Dallas' amazing chefs, restaurants, artists and wines. We are pleased to host an evening of Victorian garden fantasy for your enjoyment. Palette to Palate continues to provide a unique opportunity to benefit at-risk and special needs children served for almost 50 years by Love For Kids, Inc.

THE SECRET GARDEN

Frances H Burnett
Published 1911

We chose this year's theme based on the children represented in this beautiful classic. The novel addresses the adventures of an orphan named Mary and her cousin Colin, a special needs child. In the end both children find the healing and help they need within the garden. Both emerge very different and happy children, able to begin a new chapter in their lives. This is what Love For Kids, Inc. works at being for kids; a Secret Garden.

You are the key to helping children in need. Because of your support Love For Kids, Inc. children in need have gifts during the holidays, Title 1 schools receive LEGO sets for their STEM programs, special need families have a day on a ranch to make memories, babies are provided with diapers, kids are provided with food and school supplies, and so much more.

Carolyn Hincir
Event Chairman

ABOUT US

Love For Kids, Inc.
Since 1975

The children of North Texas have been our focus for almost 50 years. We continue our humanistic approach to serve at-risk and special needs youth with resources, events, and activities with support from patrons like you. Our charity remains a humble, referral based organization to assure maximum service to the most vulnerable members of our community.
