

DENDROBIUM DEVONIANUM

Origin: Asia

Temperatures: Warm to cold growing small to medium size orchid species

Light: Bright light

Watering & Fertilizing: Regular watering and fertilizing in active growth, deciduous during the wintertime. No fertilizer from October light misting when dormant.

General care: beautiful bloom on this deciduous Dendrobium species, blooms on dormant leafless thin canes. Grows best under warm to cold conditions, in bright light, good air movement, good humidity, letting slightly dry out between watering. Only light mist during dormancy without fertilizer. Can be grown potted or mounted. Great for terrariums, vivariums, windowsills, greenhouse growing and outside in proper zones.
