MICRO, MINIATURE AND SMALL ORCHIDS

PLEUROTHALLIS / ACIANTHERA RECURVA

Origin: South America
Temperatures: Hot to cold growing small-size creeping orchid species
Light: Bright light
Watering & Fertilizing: Regular watering and fertilizing year-round
General care: Another cute Pleurothallis creeper. This is regular form recurve with larger leaves and reddish colored blooms. Grows best under hot to cool conditions, in bright filtered light, good air movement and good humidity letting slightly dry out. Can be grown mounted. Great plant for terrariums, vivariums, vases, indoor growing on windowsills or greenhouses and outdoors in proper zones.
