MICRO, MINIATURE AND SMALL ORCHIDS

## ACOSTAEA SP. ECUADOR

**Origin:** Ecuador

**Temperatures:** Intermediate to warm growing miniature size orchid species

**Watering & fertilizing:** Regular watering and fertilizing year-round.

**General care:** This tiny orchid species produces nice strange looking blooms that are bi-colored, not like *Acostaea costaricensis*. Grows best under intermediate to warm conditions, in shade, high humidity keeping lightly moist. Can be grown potted or mounted. Great plant for terrariums, vivariums, glass orbs, vases, indoor growing on windowsills or greenhouses and outdoors in proper zones.
