

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

ANDINIA HIPPOCREPICA

Origin: Ecuador

Temperatures: Intermediate to cold growing mini - miniature size orchid species

Light: Bright shade

Watering & Fertilizing: Regular watering and fertilizing year-round, high humidity, good quality water only.

General care: Rare opportunity to get one of the cool and hard to seen creeping mini – miniature orchid species. Grows best under cold to intermediate conditions, in bright shade, good air movement and high humidity, good quality water. Best when grown mounted. Great plant for terrariums, vivariums, glass orbs, vases, frog encounters, windowsills or greenhouses and outside in proper zones.
