MICRO, MINIATURE AND SMALL ORCHIDS

BULBOPHYLLUM CORALLINUM

Origin: Asia

Temperatures: Cold to intermediate growing small size orchid species

Light: Bright shade

Watering & Fertilizing: Regular watering and fertilizing year-round, high humidity.

General care: This cute small size Bulbophyllum species produces clusters of blooms at the base of pseudobulbs. Grows best under cold to intermediate conditions, in bright shade and high humidity keeping lightly moist. Can be grown potted or mounted. Great plant for terrariums, vivariums, glass orbs, vases, indoor growing on windowsills or greenhouses and outdoors in proper zones.
