MICRO, MINIATURE AND SMALL ORCHIDS

## BULBOPHYLLUM ELBERTII / ANTENNIFERUM

**Origin:** Asia

**Temperatures:** Hot to cool growing small orchid species

**Light:** Shade

**Watering & Fertilizing:** Regular watering and fertilizing year-round, high humidity

**General care:** Small Bulbophyllum species with blooms shaped like the antenna. Grows best in shade, regular watering and fertilizing year-round, hot to cool temperatures and good air movement. Can be grown potted or mounted. Great for outdoor / indoor growing, windowsills or greenhouses, terrariums, vivariums. Can be grown in Florida outside year-round.
