MICRO, MINIATURE AND SMALL ORCHIDS

## BULBOPHYLLUM LINDLEYANUM

**Origin:** Asia

**Temperatures:** Warm to cool growing miniature orchid species

**Light:** Bright shade

**Watering & Fertilizing:** Regular watering and fertilizing, less in winter months

**General care:** Amazing small Bulbophyllum species with cute fuzzy blooms. Grows best under warm to cool temperatures, in bright shade, with high humidity and good watering in the spring / summer, much less and no fertilizer in the winter. Great plant for terrariums, windowsills, greenhouses or outdoors year-round.
