

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

CAPANEMIA SUPERFLUA

Origin: South America

Temperatures: Cold to warm growing small size orchid species

Light: Bright shade

Watering & fertilizing: Regular watering and fertilizing year-round

General care: Larger sister to micromera, this Capanemia produces clusters of pinkish/white beautifully shaped blooms. Grows best under cold to warm conditions, in bright shade, good air movement, good humidity but slightly drying out between waterings. Can be grown potted or mounted. Great plant for terrariums, vivariums, indoor growing on windowsills or greenhouses and outdoors in proper zones.
