MICRO, MINIATURE AND SMALL ORCHIDS

## CLEISOSTOMA ARIETINUM

**Origin:** Asia

**Temperatures:** Hot to intermediate growing small size orchid species

**Light:** Bright light

**Watering & fertilizing:** Regular watering and fertilizing year-round, letting slightly dry between waterings

**General care:** Great small orchid species with interesting growing habit, terete leaves and nice blooms. Grows best mounted, hot to intermediate, bright light, regular watering and fertilizing. Best when grown mounted and hanging down, can be grown potted in mesh pot with very little medium that is well drained, like Vandas. Great plants for windowsills, greenhouses or outside growing in proper zones.
