MICRO, MINIATURE AND SMALL ORCHIDS

DENDROBIUM LEUCOCYANUM

Origin: Papua New Guinea

Temperatures: Cold to intermediate growing miniature orchid species

Light: Bright light

Watering & Fertilizing: Regular watering and fertilizing year-round, only best quality water.

General care: This is collectors' item and true miniature Dendrobium gem. This miniature beauty is semi-deciduous, oldest bulbs will shed leaves and beautiful clusters of light blue blooms will appear in fall and winter on leafless oldest bulbs. Grows best cold to intermediate, needs cold nights for budding, best quality water, bright light. Can be grown potted or mounted. Great for indoor LED growing, outdoors in proper zones, windowsills and greenhouses.
