

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

DENDROBIUM / ERIA APOROIDES

Origin: Philippines & PNG

Temperatures: Hot to intermediate growing small size pendulous orchid species

Light: Bright shade

Watering & fertilizing: Regular watering and fertilizing year-round.

General care: Another Dendrobium species that is not common in cultivations with great foliage and stunning blooms— free flowering year-round. Grows best under hot to intermediate conditions, in bright shade, good air movement and good humidity letting dry out between waterings. Can be grown potted or mounted. Great plant for terrariums, vivariums, indoor growing on windowsills or greenhouses and outdoors in proper zones.
