

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

DENDROBIUM SERANICUM

Origin: Molucca Islands

Temperatures: Cool to intermediate growing small size orchid species

Light: Bright light

Watering & Fertilizing: Regular watering and fertilizing year-round, good quality water and high humidity.

General care: We just love miniature and small Dendrobiums, and this one is shining example. Not commonly offered species endemic to Molucca Islands with beautiful light pink blooms. Great addition to any miniature orchid collection. Grows well either potted or mounted, bright light, high humidity and cold to intermediate temperatures. Great for outdoor / indoor growing, windowsills or greenhouses, excellent for terrariums, vivariums, glass orbs or frog encounters.
