MICRO, MINIATURE AND SMALL ORCHIDS

## DRACULA LOTAX

**Origin:** Ecuador & Peru

**Temperatures:** Warm to cold growing small orchid species

**Watering & Fertilizing:** Regular watering and fertilizing year-round, high humidity, good quality water only (rain or R/O).

**General care:** One of most warm tolerant Dracula species, this is one of MONKEY FACE orchids, great choice for any Florida orchid grower. Does great inside in terrariums, vivariums, glass orbs and vases, frog encounters, windowsills, or outside in Florida, bright shade with high humidity and good air movement. Rewards you with stunning monkey face blooms!
