MICRO, MINIATURE AND SMALL ORCHIDS

## ENCYCLIA BRACDESCENS

**Origin:** Central America

**Temperatures:** Hot to cool growing small size orchid species

**Light:** Bright light

**Watering & Fertilizing:** Regular watering and fertilizing year-round, letting dry out between waterings, good air movement.

**General care:** This one is just perfect – very compact growing small size Encyclia species with nice reddish pseudobulbs, thin leaves and beautiful blooms. Grows best under hot to cool conditions, in bright light, good air movement drying out between waterings. Can be grown potted or mounted. Great plant for indoor growing on windowsills or greenhouses and outdoors year-round.
