

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

EPIDENDRUM SCHLECHTERIANUM

Origin: Panama

Temperatures: Hot to intermediate growing miniature size creeping orchid species

Light: Bright shade

Watering & fertilizing: Regular watering and fertilizing year-round, letting slightly dry between waterings

General care: Easy growing miniature orchid species with creeping growing habit. Attractive leaves reminding more of succulent plant. Best grown hot to intermediate, in bright shade, mounted and letting slightly dry out between waterings. Perfect plant for windowsills, terrariums, greenhouses and outside in proper zones year-round.
