

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

LEPANTHES HEXAPUS

Origin: Colombia & Ecuador

Temperatures: Cool to warm growing miniature size orchid species

Light: Bright shade

Watering & Fertilizing: Regular watering and fertilizing year-round, high humidity, only good quality water.

General care: Very cute miniature Lepanthes species with quite interesting leaves and beautiful blooms. Not so common in collections, and warm tolerant too! Can be grown under cool to warm conditions, either potted or mounted, best is intermediate, bright shade, good humidity and good quality water. Great for outdoor / indoor growing, windowsills or greenhouses. Perfect for any glass orb, vases, frog encounters, terrariums & vivariums!
