

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

LEPANTHES INSECTIFLORA

Origin: Costa Rica

Temperatures: Intermediate to cold growing mini - miniature size orchid species

Light: Shade

Watering & fertilizing: Regular watering and fertilizing year-round

General care: Tiny Lepanthes hardly seen in the collections with very interesting blooms. Grows best under intermediate to cold conditions, in bright shade, good air movement, high humidity and good quality water. Colors of bloom depend in light levels, in bright light it will be reddish, in shade lighter colored blooms.

Constantly in bloom! Great plant for terrariums, vivariums, glass orbs and frog encounters. Great for indoor growing on windowsills or greenhouses.
