

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

LEPANTHES DOMINGENSIS

Origin: Dominican Republic

Temperatures: Warm to intermediate growing miniature size orchid species

Light: Bright shade

Watering & Fertilizing: Regular watering and fertilizing year-round, high humidity, only good quality water.

General care: Always hard to find warm growing Lepanthes, this one is definitely a winner! Stunning blooms on this Lepanthes from Dominican Republic. Grows best under hot to warm conditions but can be grown intermediate, in bright shade, with high humidity and good quality water. Can be grown potted or mounted. Great for any glass orb, vases, terrarium, vivarium or growing outdoors year-round.
