

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

LEPANTHOPSIS VINACEA

Origin: Venezuela & Ecuador

Temperatures: Cold to warm growing small size orchid species

Watering & fertilizing: Regular watering and fertilizing year-round.

General care: This gem is very rarely seen in cultivations and one of the coolest Lepanthopsis species blooming freely year-round. Grows best under cool to warm conditions, in bright shade, good air movement and high humidity keeping lightly moist. Can be grown potted or mounted. Great plant for terrariums, vivariums, glass orbs, vases, indoor growing on windowsills or greenhouses and outdoors in proper zones.
