MICRO, MINIATURE AND SMALL ORCHIDS

OBERONIA ROSEA

Origin: Taiwan

Temperatures: Cold to warm growing miniature size orchid species

Light: Bright shade

Watering & Fertilizing: Regular watering and fertilizing year-round letting slightly dry out.

General care: This is the gem among Oberonia species, and quite rare in cultivations – Oberonia rosea is super cute miniature with cool leaves and clusters of red blooms on long spikes. Grows best under hot to intermediate conditions, in bright shade, good air movement and good humidity letting slightly dry out between waterings. Can be grown potted or mounted, prefers mounted and little moss. Great plant for terrariums, vivariums, glass orbs, vases, indoor growing on windowsills or greenhouses and outdoors in proper zones.
