MICRO, MINIATURE AND SMALL ORCHIDS

## ORNITHOCEPHALUS SP.

**Origin:** Central & South America

**Temperatures:** Hot to intermediate growing small size orchid species

**Light:** Bright shade / shade

**Watering & fertilizing:** Regular watering and fertilizing year-round

**General care:** Ornithocephalus species are quite fun to grow, showy with their fan shape leaves and clusters of interesting blooms. Grows best under hot to intermediate conditions, in shade to bright shade, high humidity and good air movement, drying out between waterings. Best grown mounted. Great plant for terrariums, vivariums, indoor growing on windowsills or greenhouses and outdoors in proper zones.
