

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

PHALAENOPSIS MINUS / FINLEYI CHRISTENSON

Origin: Asia

Temperatures: Warm to hot growing small size orchid species

Light: Bright shade

Watering & Fertilizing: Regular watering and fertilizing year-round

General care: Another stunning small Phalaenopsis species. Grows best under hot to warm conditions, in bright shade / bright indirect light, good air movement. Best when grown mounted but can be grown potted as well. Great plants for windowsills, large terrariums, greenhouse growing or outside in proper zones year-round.
