MICRO, MINIATURE AND SMALL ORCHIDS

PHLOEOPHILLA / PLEUROTHALLIS NUMMULARIA

Origin: Caribbean & South America

Temperatures: Warm to intermediate growing miniature size creeping orchid species

Light: Bright shade

Watering & Fertilizing: Regular watering and fertilizing year-round.

General care: Unique and hardly ever seen in cultivation, this micro/minature orchid treasure recently featured in new Compendium of miniature orchid species is creeping Pleurothallis with quite unique and large blooms. Grows best under warm to intermediate conditions, in bright shade, good air movement and high humidity letting only slightly dry out between waterings. Can be grown potted or mounted, prefers mounted. Great plant for terrariums, vivariums, glass orbs, vases, indoor growing on windowsills or greenhouses and outdoors in proper zones.
