MICRO, MINIATURE AND SMALL ORCHIDS

PLEUROTHALLIS OUROBRANQUENSIS

Origin: Brazil

Temperatures: Cold to intermediate growing miniature size orchid species

Light: Bright light

Watering & fertilizing: Regular watering and fertilizing year-round

General care: Found above Ourobranco city in Brazil, this creeping succulent-like looking miniature orchid species is still quite rare in collections. Grows best under cold to intermediate conditions, in bright light, good air movement, good humidity but drying out between waterings. Can be grown potted or mounted (prefers mounting). Great plant for terrariums, vivariums, indoor growing on windowsills or greenhouses and outdoors in proper zones.
