MICRO, MINIATURE AND SMALL ORCHIDS

SOPHRONITIS WITTIGIANA

Origin: Brazil

Temperatures: Warm to cold growing small size orchid species

Light: Bright light

Watering & Fertilizing: Regular watering and fertilizing year-round

General care: Amazing small Cattleya species, this Sophronitis produces huge blooms in compare to size of plant itself. Grows best under cold to warm conditions, in bright light, with good air movement and good humidity drying out between waterings. Can be grown potted or mounted. Great plant for terrarium and vivariums, indoor growing on windowsills or greenhouses and outside in proper zones.
