

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

STELIS MORGANII

Origin: Central & South America

Temperatures: Warm to cool growing small size orchid species

Light: Shade

Watering & Fertilizing: Regular watering and fertilizing year-round

General care: Easy to grow small orchid species, great for any beginners.

Leaves produce many spikes at any time of the year. Grows best under warm to cool conditions, in shade, with good air movement, good quality water and high humidity. Can be grown potted or mounted. Great for any terrariums, vivariums, vases, windowsill growing or outside in proper zones.
