

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

TRISETELLA REGIA

Origin: Peru

Temperatures: Cold to intermediate growing miniature size orchid species

Light: Bright shade

Watering & fertilizing: Regular watering and fertilizing year-round, good quality water, high humidity.

General care: New Trisetella in our collection, this one is larger in the genus and produces stunning huge blooms. Grows best under cold to intermediate conditions, shade, good air movement and high humidity. Can be grown potted or mounted. Great plant for terrariums, vivariums, frog encounters, glass orbs, vases, indoor growing on windowsills or greenhouses and outdoors in proper zones.
