

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

VANDA NANA / ASCOCENTRUM PUSILLUM

Origin: Asia

Temperatures: Intermediate to warm growing small size orchid species

Light: Bright filtered light

Watering & fertilizing: Regular watering and fertilizing year-round.

General care: Amazing miniature Vanda species with cutest blooms. Grow this in moderately bright to bright light, intermediate to warm temperatures but it is adaptable to cooler conditions also. Use dilute fertilizer and allow roots to dry between waterings, bright light. It can be grown mounted or potted. If potted, use a relatively small pot and a free draining medium. Great plants for windowsills, greenhouses and outside in proper zones.
