

TARZANEGROUP

MICRO, MINIATURE AND SMALL ORCHIDS

GASTROCHILUS PATINATUS

Origin: Asia

Temperatures: Hot to warm growing small size orchid species

Light: Bright light

Watering & fertilizing: Regular watering and fertilizing year-round

General care: Gastrochilus species are among the easy growing orchids and great starter plants for small orchid beginners. Monopodial growing plants with attractive colorful and spotted blooms with lovely sweet fragrances. Grows best under hot to warm conditions, in shade, good air movement, good humidity, letting dry out between waterings. Can be grown potted or mounted. Great plant for terrariums, vivariums, windowsills, greenhouses and outdoors in proper zones.
