

## NEOFINETIA FALCATA VARIEGATED

**Origin:** Japan

**Temperatures:** Hot to intermediate growing small size orchid species

**Light:** Bright shade / filtered LED light

**Watering & fertilizing:** Regular watering and fertilizing year-round

**General care:** One of the oldest known orchids in the world, well-known for the style of growing in ceramic pots with the mountain of best long stem sphagnum moss around the roots, this orchid can take a lot of conditions, from super hot 110F to freezing cold. This one is very attractive variegated leaf form. Grows best under cold to hot conditions, in bright shade, good air movement and good humidity. Can be grown potted or mounted. Great plants for terrariums, vivariums, indoor growing on windowsills or greenhouses and outdoors in proper zones.
