

Rooted in Nature, Growth Through Art

A Gentle Beginning to Our Homeschool Journey

At Ohana Farm and Gardens – Sarasota, FL

Now welcoming families for fall enrichment

This fall, we're opening our gates gently.

As we step into our first year of offering homeschool enrichment on our farm, we're keeping it small and thoughtful—allowing room for connection, creativity, calm, and growth.

Our post-summer program will offer nature-rich, art-filled learning experiences in a setting designed to nurture the whole child. Surrounded by gardens, animals, and wild Florida beauty, children will explore meaningful subjects through hands-on art and the rhythm of the seasons

Art-Led Learning, Rooted in Nature

- Tuesday, Wednesday, and Thursday classes available
- Two-to-three-hour sessions, depending on the week
- Families may join for 1, 2, or all 3 days
- Gentle flow, flexible structure
- Designed for homeschool families who value creativity, nature, and meaningful connection

We're starting slowly with love and intention, and plan to expand to longer hours in the spring—
