Hope Academy

Philosophy

Hope Academy is a representation of what schooling should be. The faculty at Hope Academy believes that all children are capable of learning. We hold the conviction that every child is endowed with his or her own individual capabilities and characteristics. We will provide to the best of our ability the type of education best fitted for the uniqueness of the child. To that end, we pledge to give each child every opportunity to acquire the ability to read and write legibly and clearly, converse intelligently, cipher competently and to instill in that child the qualities of democracy, truth, respect, self esteem, propriety, and morality. Our first and most important person is the child. We will continue to strive for excellence in our daily struggles to provide that pleasant, loving, and nurturing environment we call "school". We exist for the care and education of all children.

Hope Academy Faculty

Mission Statement

“Train a child in the way he should go, and when he is old he will not depart from it”.

King Solomon

We will see that every child has equal opportunity, not to become equal, but to become different – to realize the unique potential he or she possesses.

Hope Academy Faculty

Newsletter

Dear Parents,

Welcome to a new school year, 2019-2020, at Hope Academy. It is our mission as a school to provide to you the quality of education that your child (children) so deserves.

Hope Academy is a representation of how schooling should be. I am a firm believer in the old methods of educating a child, where strong values, high moral standards and principles are instilled daily. When good discipline and order are mastered, quality education follows.

We diligently pursue a phonics based and hands on curriculum. I believe that when children discover new information and solve problems for themselves, it is more rewarding and gratifying for them.

To the students: a realm of new information is available for you to discover. We are blessed to have a trained and dedicated faculty here to guide and encourage you. In the end, however; the learning accomplished is entirely up to you.

To the parents: we can make a difference in our children's education. Parents must monitor students' performance, follow up assignments, make sure students are fully prepared for school and instill punctuality by bringing them to school on time.

Welcome to Hope Academy. I am looking forward to another exciting and rewarding experience for the teachers and students.

Yours in Education,
Nirvala Autar

Thought

Your children are not your children. They are the sons and daughters of

Life's longing for itself.

They come through you but not from you, and though they are not with you,

yet they belong not to you.

You may give them your love but not your thoughts.

For they have their own thoughts.

You may house their bodies but not their souls,

For their souls dwell in the house of tomorrow, which you cannot visit even

in your dreams.

You may strive to be like them, but seek not to make them like you.

For life goes not backwards nor carries with yesterday.

You are the bows from which your children as living arrows are sent forth.

The archer sees the mark upon the path of the infinite, and He bends you

with His might that His arrows may go swift and far.

Let your bending in the archer's hand be for gladness;

For even as He loves the arrows that flies, so

He loves also the bow that is stable.

Introduction

Hope Academy-Our Vision

“Let Your Spirit Shine Through”

School- Moving Up

Teach me to walk and I shall run
Teach me to look and I shall see
Teach me to hear and I shall listen
Teach me to sing and I shall rejoice
For your instructions are imprinted in my mind
And your shared experiences I shall keep
What I have learned, I shall treasure
And by learning to fly
I shall soar!

Hope Academy represents what schooling should be. It was founded in February 2005 by the Persaud family whose dream was to own and operate a private school of quality and integrity. Mr. & Mrs. Persaud, both veteran teachers, firmly believe that all children are capable of learning. It is their conviction that to teach is a noble profession, and to be a teacher is more of a calling than a duty.

Hope Academy with its dedicated and chosen faculty is prepared to take the opportunity to make a difference in a child's life. She will not tolerate another generation that knows so much about violence and destruction of life, but so little about enhancing it. Hope will be the positive instrument in which a child sees the world, she will also help to mold character, plant roots, give wings, renew hope, but most of all she will help restore self esteem, trust, respect and honor among her students.

Hope Academy will strive for excellence both in academics and moral education. It is her humble pledge to provide a pleasant, safe, loving, and nurturing environment to her students so that they may grow in wisdom and strength and become kind and respectful citizens of tomorrow.

School Procedures (cont.)

Emergency Contact

It is very important for us to have the name and phone number of someone who can be responsible for your child if we cannot reach you. This person should be able to come to school and pick up your child if necessary. Please be sure that the person you list has this understanding. If at any time your personal information changes, please notify the office immediately.

Health Guidelines

If your child is injured or becomes ill at school, you will be notified immediately. PLEASE KEEP US CURRENT REGARDING YOUR PHONE NUMBERS BOTH AT HOME AND WORK. This information is vital should an emergency arise.

Illness

1. If you suspect that your child is not well, please keep him/her at home, regardless of his/her desire to come to school. We ask that you do this out of consideration for his/her classmates.
2. If your child has had a fever, his/her temperature should be normal for twenty-four (24) hours before returning to school.
3. If your child has a cold, is coughing and has a runny nose, please consider that he/she may be contagious to others. Please keep your child home or make arrangements for his/her care until he/she recovers.
4. If your child has a rash, please keep him/her home and contact your doctor to find out the cause.
5. Our school staff administers medication to children upon parental request. However, guidelines for administering medication are very strict and will be followed consistently.

School Procedures (cont.)

There are several illnesses that are common occurrences in early-age school children. The following is a list of the most common childhood illnesses:

HEAD LICE

Please do not allow your child to bring combs, hats, or brushes to class, as this is a primary cause for the spread of head lice. Our staff will check each child before being readmitted to class to determine that he/she is completely free of head lice and/or nits.

PINWORM

Symptoms that this condition may exist include restlessness, irritability, fretful sleeping and rectal itching. Testing and treating this condition is very simple. It is important to follow all instructions included with medication to prevent re-infestation.

PINK EYE

Pink eye is a virus that is highly contagious. Signs and symptoms include red, watery and itching eyes. You can expect your child to be home approximately two (2) days during treatment.

CHICKEN POX

Noticeable symptoms include a rash or raised blisters containing watery fluid. You can expect your child to be home from seven (7) to ten (10) days.

RINGWORM

Ringworm is a contagious skin disease (hair, skin, & nails) caused by a fungus. Please keep your child home and contact a doctor immediately. The child will not be permitted to attend school until the condition is cleared. A doctor's note must be brought to the office upon the child's return to school.

If we respect and are considerate of each other, we will not send our children to school sick. Children will not be admitted to school and will be sent home if they exhibit any symptoms of illness. Please help us control and minimize the spread of infections to others by providing care for your child when he/she is sick. We have no facilities for isolating children at our school.

Medicine Authorization

Parents must complete and sign an authorization form for medication, which includes the child's name, name of the medication, amount/time/date to be given and your signature. The Florida Department of Children and Families regulations prohibit dispensing medication if it is not in its original container with the pharmacy label on the bottle, indicating the child's name. The only over the counter medication that can be administered is Tylenol. This must be administered with the parent's permission only. We will not administer more than two (2) medications per child on a given day.

Holidays will also be studied and celebrated in the months that they occur. We will have several “celebrations” in connection with holidays. We will depend on you for their success.

Field Trips

Classes will join from time to time to enjoy selected field trips. Please understand these are at the discretion of the individual teacher.

I pledge Myself

To uphold the good name of Hope Academy,

And its high moral values in

School and the surrounding community.

To obey its rules, to protect its property and to

Cooperate with my teachers, parents and all those

Who are placed in authority over me.

To be regular and punctual in attendance.

To love and respect my fellow students and dedicate my

Hope Academy Alma Mater

To Hope Academy we will pledge

Our loving loyalty.

Our banner high we'll proudly fly

Against the blue clad sky.

Memories you'll give to us

As we learn within these halls.

We'll honor, trust and treasure friends

We make amongst your walls.

To you our sacred Alma Mater

Our hearts are always true.

You'll ever be our faithful guide

In everything we do.

Ever forward, ever onward,

Learning is the rule.

Blue and white, the best of all.
