

# IMPACT 2024

We aim to boost confidence, develop oracy skills, and increase self-efficacy and connection with others.

## FEEDBACK

We measure the impact of our programme by asking the pupils a series of questions before and after the workshops. We track progress against these three metrics, aligning with our programme aims.

CONFIDENCE

COMPETENCE

CONNECTION

### CONFIDENCE

68%

Increased their confidence to “stand up and speak to a group of people”

### CONNECTION

96%

Understand more about their peers’ viewpoints, values and beliefs

### COMPETENCE

91%

Increased their presentation skills

53%

Increased sense of opinions being heard

87%

Agree workshops have helped get their views across

95%

Have learnt skills they can use in their next stages of education

81%

Are more likely to take opportunities to speak in public

24%

Started the workshops with no confidence

800

Number of pupils who have participated
