

How We Play in Nature

WRITTEN BY: KAITLYN DEHERRERA

All my friends love nature,
It's where they go to play.
Can you help me play with them
As they go about their day?

Mara loves the ocean,
It's where she goes to play.
If she could she'd go outside
And skip smooth rocks all day.

Can you skip rocks like Mara?

Miranda loves the snowbank,
It's where she goes to play.
If she could she'd go outside
And make snow angels all day.

Can you make snow angels like
Miranda?

Alyssa loves the forest,
It's where she goes to play.
If she could she'd go outside
And hug the trees all day.

Can you hug trees like Alyssa?

Meklit loves the river,
It's where she goes to play.
If she could she'd go outside
And wiggle her toes all day.

Can you wiggle your toes like Meklit?

Keegan loves the backyard,
It's where she goes to play.
If she could she'd go outside
And roll around all day.

Can you roll around like Keegan?

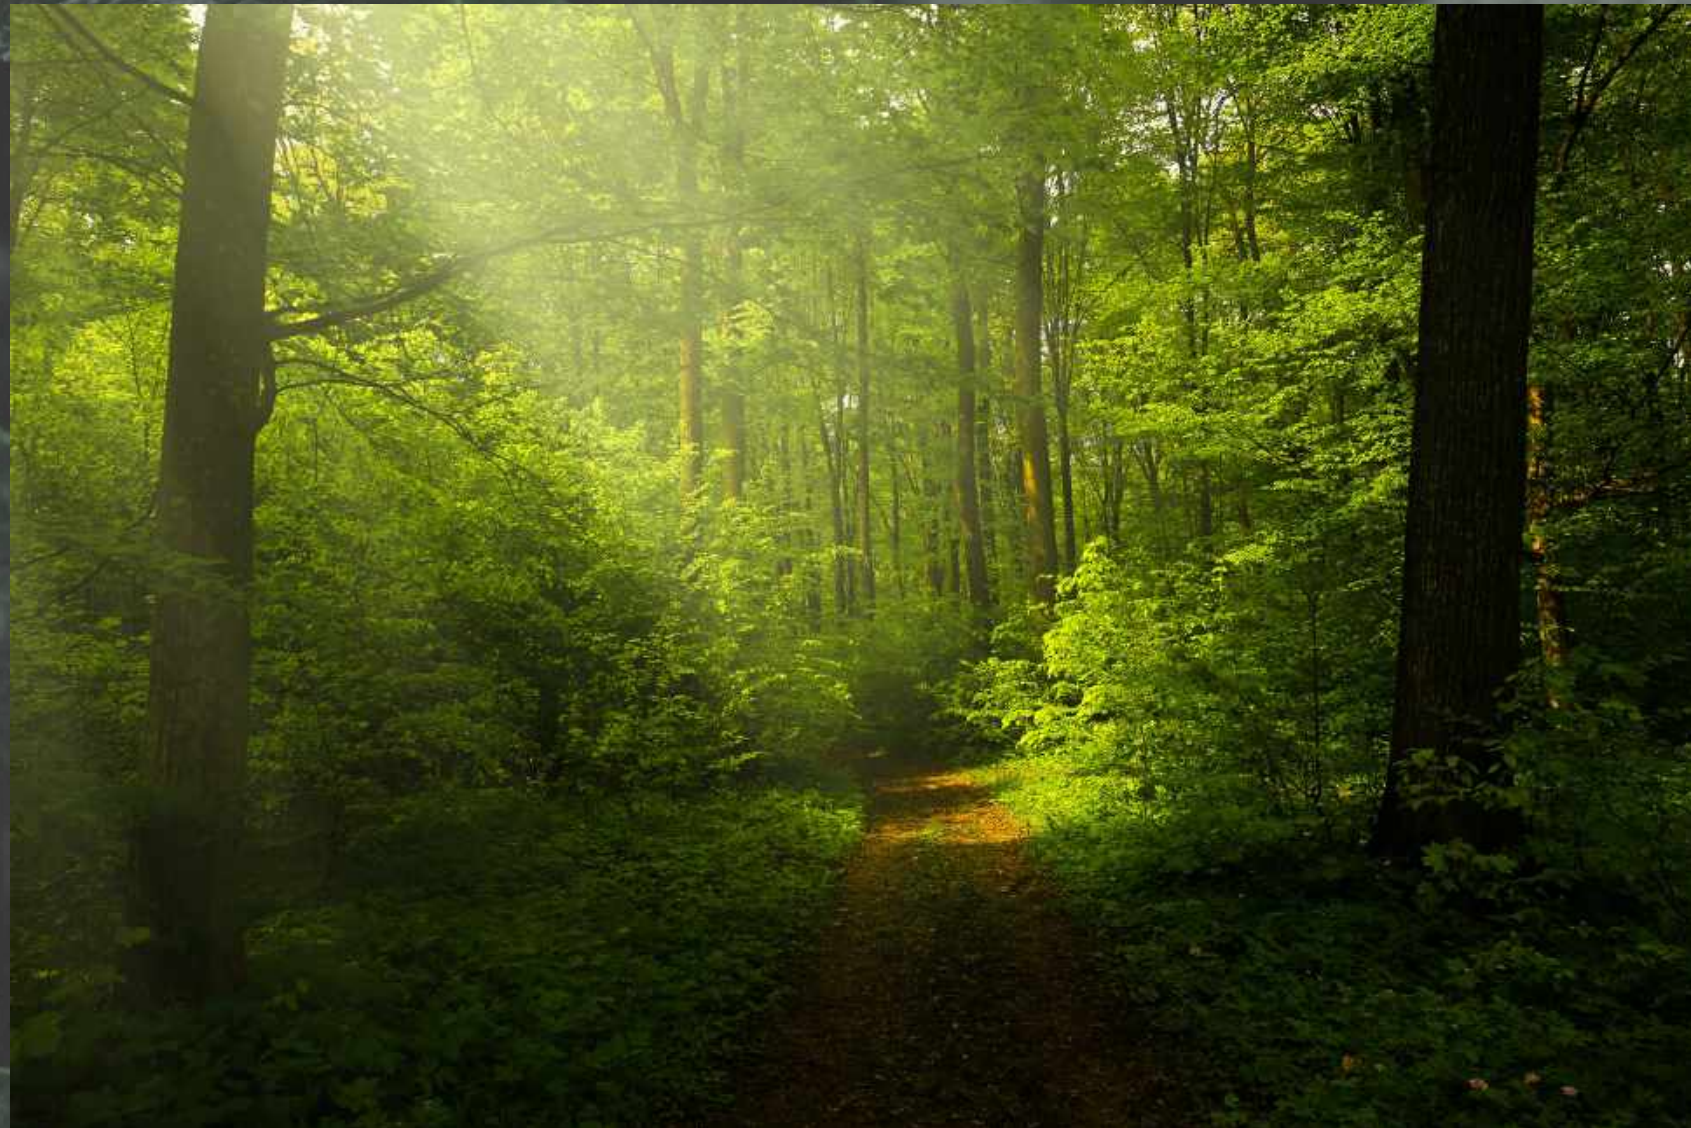

Annah loves the rainfall,
It's where she goes to play.
If she could she'd go outside
And stomp in puddles all day.

Can you stomp like Annah?

Lily loves the meadows,
It's where she goes to play.
If she could she'd go outside
And skip around all day

Can you skip like Lily?

All my friends love nature,
Now that includes you, too.
I hope that soon we'll play again
And maybe something new!

THE
END
