

A vibrant rainbow arches across a soft, hazy sky, with colors ranging from deep red at the edges to bright yellow in the center. The background is a pale, misty blue-grey.

If I Could Be Anything.....

Mara Bhalla

If I could fly like an eagle.....

I would soar through the bright blue sky

Soaking up the fiery sunshine.

If I could climb like a
mountain goat.....

I would traverse the highest
mountain tops

Searching for a picture perfect view.

Exploring the depths of the
unknown waters.

If I could swim like a fish.....

I would float under the Mediterranean sea

Springing upwards into the clear blue sky.

If I could jump like a
kangaroo.....

I would hop down the street

If I could run like a gazelle.....

**I would scurry through the mystical forest
Searching for food under a canopy of trees.**

If I could hibernate like a bear.....

I would sleep through the brisk winter

Snoozing under the warmth of a dark cave.

If I could swing like a monkey.....

I would swing from tree to tree

Soaring through the hazy green forest.

If I could slither like a snake.....

I would sneak through the tall green grass

Sliding into the green gardens in search of prey.

If I could howl like a wolf.....

**I would spend my nights howling at the moon
Gazing up into the midnight sky.**

But really, if I could be anything I would be me!

I would _____,

_____.
