

SPECIAL REQUIREMENT

The load on truck may not extend over the rear of vehicle more than

- **4 feet**
 - 6 feet
 - 5 feet
 - 3 feet
-
- When one truck is following another truck or vehicle, it must keep far enough back to allow how many vehicles to overtake and enter safely between them?
 - 4 vehicles
 - 3 vehicles
 - 2 vehicles
 - **1 vehicles**
-
- Which the following vehicles must have mud flaps when operated on public roads?
 - **All vehicles with 4 or more tires on the rear axle except single truck-tractors and pole trailers**
 - All truck-trailer combinations
 - All commercial vehicles
 - All vehicles with a registered gross weight of 30,500 pounds.
-
- The first thing the driver of a disabled truck or bus should do is:
 - **Set out flares, reflectors or flags**
 - Flag down a vehicle to tow you in
 - Go for help
 - Try to get the vehicle started
-
- Every trailer must have how many reflectors on the rear?
 - 3
 - None
 - **2**
-
- Trailers and semi-trailers must ordinarily have brakes that can be applied by the driver when the gross weight of trailer exceeds:
 - 1,000 pounds
 - 500 pounds
 - **4,500 pounds**
 - 2,000 pounds

- Vehicles transporting loose material, sand, dirt, gravel, etc., that is capable of spilling or blowing from the vehicle, must:
 - **Meet loading and/or, covering regulations to prevent spilling or blowing**
 - Always have the load covered to prevent spilling or blowing
 - Drive only on county roads
 - Have a special permit
- Registration papers are required to be in the possession of the driver or on the vehicle when operating:
 - **All trucks**
 - Any ambulance
 - A taxi cab
 - A motorcycle
- To find out the details about registering your particular vehicle, you should consult:
 - City police
 - Counties in which the truck may be operated
 - **Tax collectors and assessor**
 - Railroad commission
- Turn signal indicators are required on all motor vehicles manufactured after model year?
 - **1959**
 - 1969
 - 1948
 - 1971
- When a load extends more than 4 feet over the rear of a vehicle, what color flag must be attached to the extreme end of the extension, if driving in the daytime?
 - Blue
 - White
 - Green
 - **Red**
- The height from the ground for mounted reflectors must be at least:
 - 18 inches
 - 12 inches
 - **24 inches**
 - 30 inches
- The load on a vehicle may not extend beyond the front of the vehicle without a special permit more than:
 - 4 feet
 - 5 feet
 - 6 feet

- **3 feet**
- When it is necessary to place flares around the truck on a 2 way road with a clear view, one must be placed beside the truck, the other 2 must be placed:
 - 50 feet to front and rear of the vehicle
 - 150 feet to front and rear of the vehicle
 - **100 feet to the front and rear of the vehicle**
 - 200 feet to the front and rear of the vehicle
- Clearance lamps mounted on the rear, or on the side near the rear of the vehicle, must be what color?
 - White
 - **Red**
 - Green
 - Amber
- No vehicle, other than a truck-trailer combination may exceed:
 - **65**
 - 50
 - 40
 - 25
- All trailers or semi-trailers must be equipped with clearance lamps, side marker lamps, and side reflectors, if their width is:
 - **80 inches or more**
 - 60 inches or more
 - 96 inches or more
 - 72 inches or more
- The maximum speed limit for a taxi cab on numbered US or state highways in the daytime is?
 - 65 mph
 - 60 mph
 - **70 mph**
 - 55 mph
- The color of clearance lamps on the front of the vehicle must be:
 - **Amber**
 - Blue
 - Green
 - Red
- When backing a large truck, you should:
 - **Have someone guide you**

- Look straight ahead, so you can back straight
 - Depend only on your rearview mirror
 - Sound your horn to clear the way and back very slowly
-
- When turning right with along vehicle or combination truck-trailer, if it impossible to stay in the proper lane, you should:
 - Permit the rear wheels to run over the curb if no obstruction is there
 - Approach the corner I the center of the street, the turn right into the right hand lane
 - Approach the corner 12 feet from the curb or right edge of the roadway, then turn into the right hand lane
 - **Approach the corner about 4 feet from the curb or right edge of the roadway, then if necessary, complete the turn in the center of the street entered.**
-
- No combination of vehicles, other than a truck-tractor trailer combination, may exceed:
 - 40 feet
 - 25 feet
 - **65 feet**
 - 50 feet
-
- It is unlawful to operate any motor vehicle on a highway with:
 - Tire chains on the wheels
 - **Flanges or lugs on the wheels**
 - More than 2 mud-grip tires
 - More than 10 tires on the ground
-
- The maximum height from the ground for mounted reflectors on vehicles greater than 80 inches wide is:
 - 30 inches
 - 24 inches
 - **60 inches**
 - 48 inches
-
- The greatest width ordinarily allowed by state law for a truck hauling its load is:
 - 84 inches or 7 feet
 - 90 inches or 7 ½ feet
 - **102 inches or 8 ½ feet**
 - 108 inches or 9 feet
-
- Every bus or truck manufactured after model year 1959 must be equipped on the rear with:
 - 1 yellow reflectors
 - 1 red reflector
 - **2 stop lights**
 - 1 stop light

- The maximum number of trailers that may be lawfully towed by one vehicle is:
 - **2**
 - 4
 - 3
 - 1
- Which the following vehicles is required by state law to carry a chemical type fire extinguisher?
 - Truck hauling household goods
 - **Taxi cab**
 - Ordinally passenger car
 - Cattle truck
- The maximum number of trailers that may be towed by a commercial motor vehicle, with an unloaded weight in excess of 2,500 pounds is:
 - 1 trailer
 - 4 trailers
 - **2 trailers**
 - 3 trailers
- Which the following vehicles are required by state law to stop at railroad grade crossings, outside city limits, where no traffic control device is in the operation?
 - Taxi cabs
 - **Buses carrying passengers for hire**
 - Truck-trailer combinations
 - Truck hauling livestock for hire
- The top speed limit for heavy trucks on designated rural interstates in the daytime is:
 - 50 mph
 - 60 mph
 - **70 mph**
 - 65 mph
- Clearance lights are required by state law for trucks or buses if the width is:
 - 70 inches or more
 - **80 inches or more**
 - 75 inches or more
 - 65 inches or more
- To haul a load or more equipment that is wider, heavier or longer than law permits, you must:
 - Request a highway patrol escort
 - Obtain a permit from the police

- Drive after dark on little travelled roads
 - **Obtain a permit from the Texas Department of Transportation**
-
- When towing another vehicle with a chain, rope or cable?
 - Red
 - Yellow
 - Blue
 - **White**
-
- The greatest height ordinarily allowed by state law for a vehicle including its load is:
 - 13 feet 6 inches
 - 12 feet 6 inches
 - **14 feet**
 - 12 feet
-
- Before going down a steep grade with a commercial vehicle, you should:
 - Remain in the same gear
 - Shift to higher gear
 - Never be travelling more than 5 mph
 - **Shift to lower gear**
-
- The maximum speed limit for a pickup truck with a manufacturer's rated carrying capacity of 2,000 pounds or less on U.S. or state highways in the daytime is:
 - 65 mph
 - 55 mph
 - **70 mph**
 - 60 mph
-
- The maximum speed limit for motor buses on rural interstate highways at night is:
 - 70 mph
 - 45 mph
 - 60 mph
 - **65 mph**
-
- Which of the following vehicles are not required to have mud flaps?
 - Semi-trailers
 - Vehicle operated interstate
 - Vehicle hauling livestock
 - **Pole trailers**
-
- Clearance lights on the rear of a vehicle must be:
 - White
 - Blue
 - Green

- **Red**
- A slow moving vehicle emblem must be displayed only by:
 - **Vehicles designed to be operated at speeds of 25 mph or less**
 - Delivery trucks which occasionally drive under 25 mph
 - All commercial motor vehicles
 - All road machinery driving under 25 mph
- When stopped on the side of divided highway, flags or reflectors must be placed:
 - One beside the vehicle, one 100 feet in front of and one 100 feet behind the vehicle
 - **One 10 feet behind the vehicle, one 100 feet behind and one 200 feet behind the vehicle**
 - One beside the vehicle, one 50 feet behind and one 100 feet behind the vehicle
 - One beside the vehicle, one 50 feet in front and one 50 feet behind the vehicle
- Which of the following motor vehicle must stop at all railroad grade crossing outside of business or residential district?
 - Grain truck
 - **Motor bus**
 - Ordinary passenger car
 - Cattle truck
- One purpose of requiring registration papers on trucks at all times is to show:
 - Weight of the truck when loaded
 - **Weight of the truck empty and how much it is registered to haul**
 - Counties in which the truck may be operated
 - Ownership of the truck
- No passenger vehicle may be coupled with more than:
 - **1 trailer**
 - 4 trailers
 - 3 trailers
 - 2 trailers
- To operate on the highway with a motor vehicle or trailer having metal tires weight 5,000 pounds or more, you must:
 - Get a highway patrol escort
 - Drive less than 20 mph
 - **Get a special permit from the Texas Department of Transportation**
 - Drive in the daytime only
- When a truck breaks down on a highway in the daytime, the driver should set out:
 - 3 flares
 - 2 yellow flags

- **2 approved red flags**
- 3 red reflectors
- The length requirements of state law for vehicles or combinations of vehicles, including extensions over the front and rear, do not apply:
 - On state highway
 - On U.S. highway
 - **Within city limits**
 - On farm to market highways
- Every farm tractor manufactured after January 1st, 1972, complies with state lighting laws by:
 - **Having 2 headlamps.**
 - Stopping upon approach of another vehicle
 - Having 1 white lantern that shows to both the front and rear
 - Travelling on the shoulder of the road
- The greatest length allowed by state law for a single motor vehicle other than a truck tractor is:
 - 50 feet
 - 40 feet
 - 35 feet
 - **45 feet**
- The top speed limit for heavy trucks on designated rural interstates in the nighttime is:
 - 55 mph
 - 40 mph
 - 70 mph
 - **65 mph**
- All school buses, buses, taxis and other vehicles hauling passengers for hire or lease, must carry a chemical type fire extinguisher of at least:
 - 1 pint capacity
 - 2 quart capacity
 - **1 quart capacity**
 - 1 gallon capacity
- The greatest weight allowed by state law for any vehicle including its load is:
 - 36,400 pounds
 - 48,000 pounds
 - **80,000 pounds**
 - 60,000 pounds

- When mud flaps are required on truck or trailers, they must reach how to close to the surface of the highway?
 - 18 inches
 - 16 inches
 - 12 inches
 - **8 inches**
- When one vehicle is towing another, the distance between the 2 must not be greater than:
 - 18 feet
 - **15 feet**
 - 10 feet
 - 20 feet
- When going downhill with a commercial vehicle, it is unlawful to:
 - Travel more than 25 mph
 - Shift to a lower gear
 - **Coast**
 - Remain in the same gear
- The load on a truck may not extend over the rear of the vehicle more than:
 - 3 feet
 - **4 feet**
 - 6 feet
 - 5 feet
- When one truck is following another truck or vehicle, it must keep far enough back to allow how many vehicles to overtake and enter safely between them?
 - 2
 - 4
 - 3
 - **1**
- Which of the following vehicles must have mud flaps when operated on public roads?
 - All vehicles with a registered gross weight of 30,500 pounds
 - **All vehicles with 4 or more tires on the rear axle except single truck-tractors and pole trailers**
 - All truck-trailer combinations
 - All commercial vehicles
- The first thing the driver of a disabled truck or bus should do is:
 - Try to get the vehicle started
 - **Set out flares, reflectors or flags**
 - Flag down a vehicle to tow you in

- Go for help
- Every trailer must have how many reflectors on the rear?
 - 1
 - 3
 - None
 - **2**
- Trailer and semi-trailer must ordinarily have brakes that can be applied by the driver when the gross weight of the trailer exceeds:
 - 2,000 pounds
 - 1,000 pounds
 - 500 pounds
 - **4,500 pounds**
- Vehicles transporting loose material, sand, dirt, gravel, etc., that is capable of spilling or blowing from the vehicle, must:
 - Have a special permit
 - **Meet loading and/or covering regulations to prevent spilling or blowing**
 - Always have the load covered to prevent spilling or blowing
 - Drive only on county roads
- Registration papers are required to be in the possession of the driver or on the vehicle when operating:
 - A motorcycle
 - **All trucks**
 - Any ambulance
 - A taxi cab
- To find out the details about registering your particular vehicle, you should consult:
 - Railroad commission
 - City police
 - Counties on which the truck may be operated
 - **Tax collector and assessor**
- Turn signal indicators are required on all motor vehicles manufactured after model year?
 - 1971
 - **1959**
 - 1969
 - 1948
- When a load extends more than 4 feet over the rear of a vehicle, what color flag must be attached to the extreme end of the extension, if driving in the daytime?
 - **Red**

- Blue
 - White
 - Green
-
- The height from the ground for mounted reflectors must be at least:
 - 30 inches
 - 18 inches
 - 12 inches
 - **24 inches**
-
- The load on a vehicle may not extend beyond the front of the vehicle without a special permit more than:
 - **3 feet**
 - 4 feet
 - 5 feet
 - 6 feet
-
- When it is necessary to place flares around the truck on a 2 way road with a clear view, one must be placed beside the truck, the other 2 must be placed:
 - 200 feet to the front and rear of the vehicle
 - 50 feet to the front and rear of the vehicle
 - 150 feet to the front and rear of the vehicle
 - **100 feet to the front and rear of the vehicle**
-
- Clearance lamps mounted on the rear, or on the side near the rear of the vehicle, must be what color?
 - Amber
 - White
 - **Red**
 - Green
-
- No vehicle, other than a truck-trailer combination may exceed:
 - 25 feet
 - **65 feet**
 - 50 feet
 - 40 feet
-
- All trailers or semi-trailers must be equipped with clearance lamps, side market lamps, and side reflectors, if their width is:
 - 72 inches or more
 - **80 inches or more**
 - 60 inches or more
 - 96 inches or more

- The maximum speed limit for a taxi cab on the numbered US or state highways in the daytime is:
 - 55 mph
 - 65 mph
 - 60 mph
 - **70 mph**
- The color of clearance lamps on the front of the vehicle must be:
 - Red
 - **Amber**
 - Blue
 - Green
- When backing the larger truck, you should:
 - Sound your horn to clear the way and back very slowly
 - **Have someone guide you**
 - Look straight ahead, so you can back straight
 - Depend only on your rearview mirror
- When turning right with a long vehicle or combination truck-trailer, if it is impossible to stay in the proper lane, you should:
 - **Approach the corner about 4 feet from the curb or right edge of the roadway, then if necessary, complete the turn in the center of the street entered**
 - Permit the rear wheels to run over the curb if no obstruction is there
 - Approach the corner in the center of the street, then turn right into the right hand lane
 - Approach the corner 12 feet from the curb or right edge of the roadway, then turn into the right hand lane
- No combination of vehicles, other than a truck-tractor trailer combination, may exceed:
 - 50 feet
 - 40 feet
 - 25 feet
 - **65 feet**
- It is awful to operate any motor vehicle on a highway with:
 - More than 10 tires on the ground
 - Tire chains on the wheels
 - **Flanges or lugs on the wheels**
 - More than 2 mud-grip tires
- The maximum height from the ground for mounted reflectors on vehicles greater than 80 inches wide is:
 - 48 inches
 - 30 inches

- 24 inches
 - **60 inches**
-
- The greatest width ordinarily allowed by state law for truck hauling its load is:
 - 108 inches or 9 feet
 - 84 inches or 7 feet
 - 90 inches or 7 ½ feet
 - **102 inches or 8 ½ feet**
-
- Every bus or truck manufactured after model year 1959 must be equipped on the rear with:
 - 1 stop light
 - 2 yellow reflectors
 - 1 red reflector
 - **2 stop lights**
-
- The maximum number of trailers that maybe lawfully towed by one vehicle is:
 - 1
 - **2**
 - 4
 - 3
-
- Which of the following vehicles is required by state law to carry a chemical type fire extinguisher?
 - Cattle truck
 - Truck hauling household goods
 - **Taxi cab**
 - Ordinary passenger car
-
- The maximum number of trailers that may be towed by a commercial motor vehicle, with an unloaded weight in excess of 2,500 pounds is:
 - 3 trailers
 - 1 trailer
 - 4 trailers
 - **2 trailers**
 - Which of the following vehicles are required by state law to stop at railroad grade crossings, outside city limits, where no traffic control device is in operation?
 - Trucks hauling livestock for hire
 - Taxi cabs
 - **Buses carrying passengers for hire**
 - Truck-trailer combinations
-
- The top speed limit for heavy trucks on designated rural interstates in the daytime is:
 - 65

- 50
 - 60
 - **70**
-
- Clearance lights are required by state law for trucks or buses if the width is:
 - 65 inches or more
 - 70 inches or more
 - **80 inches or more**
 - 75 inches or more
 - To haul a load or move equipment that is wider, heavier or longer than law permits, you must:
 - **Obtain a permit from the Texas Department of Transportation**
 - Request a highway patrol escort
 - Obtain a permit from the police
 - Drive after dark on little travelled roads
 - When towing another vehicle with a chain, rope or cable, what color flags must be attached to the chain, rope or cable?
 - **White**
 - Red
 - Yellow
 - Blue
 - The greatest height ordinarily allowed by state law for a vehicle including its load is:
 - 12 feet
 - 13 feet 6 inches
 - 12 feet 6 inches
 - **14 feet**
 - Before going down a steep grade with a commercial vehicle, you should:
 - **Shift to a lower gear**
 - Remain in the same gear
 - Shift to a higher gear
 - Never be travelling more than 5 mph
 - The maximum speed limit for a pickup truck with a manufacturer's rated carrying capacity of 2,000 pounds or less on U.S. or state highways in the daytime is:
 - 60 mph
 - 65 mph
 - 55 mph
 - **70 mph**
 - The maximum speed limit for motor buses on rural interstate highways at night is:

- **65 mph**
 - 70 mph
 - 45 mph
 - 60 mph
-
- Which of the following vehicles are not required to have mud flaps?
 - **Pole trailers**
 - Semi-trailers
 - Vehicles operated interstate
 - Vehicles hauling livestock
-
- Clearance lights on the rear of a vehicle must be:
 - **Red**
 - White
 - Blue
 - Green
-
- A slow moving vehicle emblem must be displayed only by:
 - All road machinery driving under 25 mph
 - **Vehicles designed to be operated at speeds of 25 mph or less**
 - Delivery trucks which occasionally drive under 25 mph
 - All commercial motor vehicles
-
- When stop on the side of a divided highway, flags or reflectors must be placed:
 - One beside the vehicle, one 50 feet in front and one 50 feet behind the vehicle
 - One beside the vehicle, one 100 feet in front and one 100 feet behind the vehicle
 - **One 10 feet behind the vehicle, one 100 feet behind and one 200 feet behind the vehicle**
 - One beside the vehicle, one 50 feet behind and one 100 feet behind the vehicle
-
- Which of the following motor vehicles must stop all railroad grade crossings outside of business or residential district?
 - Cattle truck
 - Grain truck
 - **Motor bus**
 - Ordinary passenger car
-
- When a truck breaks down on a highway in the daytime, the driver should set out:
 - **3 red reflectors**
 - 3 flares
 - 2 yellow flags
 - 2 approved red flags
-
- No passenger vehicle may be coupled with more than:

- 2 trailers
 - **1 trailer**
 - 4 trailers
 - 3 trailers
-
- To operate on the highway with a motor vehicle or trailer having metal tires and weighing 5,000 pounds or more, you must:
 - Drive in the daytime only
 - Get a highway patrol escort
 - Drive less than 20 mph
 - **Get a special permit from the Texas Department of Transportation**
-
- When a truck breaks down on a highway in the daytime, the driver should set out:
 - **3 red reflectors**
 - 3 flares
 - 2 yellow flags
 - 2 approved red flags
-
- The length requirements of state law for vehicles or combinations of vehicles, including extensions over the front and rear, do not apply:
 - On farm to market highways
 - On state highways
 - On U.S. highways
 - **Within city limits**
-
- Every farm tractor manufactured after January 1st, 1972, complies with state lighting laws by:
 - Traveling on the shoulder of the road
 - **Having 2 headlamps**
 - Stopping upon approach of another vehicle
 - Having 1 white lantern that shows to both the front and rear
-
- The greatest length allowed by state law for a single motor vehicle other than a truck tractor is:
 - **45 feet**
 - 50 feet
 - 40 feet
 - 35 feet
-
- The top speed limit for heavy trucks on designated rural interstates in the nighttime is:
 - 65 mph
 - 55 mph
 - 40 mph

- **70 mph**
- All school buses, buses, taxis and other vehicles hauling passengers for hire or least, must carry a chemical type fire extinguisher of at least:
 - 1 gallon capacity
 - 1 print capacity
 - 2 quart capacity
 - **1 quart capacity**
- The greatest weight allowed by state law for any vehicle including its load is:
 - 60,000 pounds
 - 36,400 pounds
 - 48,000 pounds
 - **80,000 pounds**
- When mud flaps are required on trucks or trailers, they must reach how close to the surface of the highway?
 - **8 inches**
 - 18 inches
 - 16 inches
 - 12 inches
- When one vehicle is towing another, the distance between the 2 must not be greater than:
 - **20 feet**
 - 18 feet
 - 15 feet
 - 10 feet
- When going downhill with a commercial vehicle, it is lawful to:
 - Remain in the same gear
 - Travel more than 25 mph
 - Shift to a lower gear
 - **Coast**
- The first thing the driver of a disabled truck or bus should do is:
 - Flag down the vehicle to tow you in
 - Try to get the vehicle started
 - Go for help
 - **Set out flares, reflectors or flags**
- The height from the ground for mounted reflectors must be at least:
 - 12 inches
 - 30 inches
 - **24 inches**

- 18 inches
- All trailers or semi-trailers must be equipped with clearance lamps, side marker lamps, and side reflectors, if their width is:
 - 60 inches or more
 - 72 inches or more
 - 96 inches or more
 - **80 inches or more**
- The maximum height from the ground for mounted reflectors on vehicles greater than 80 inches wide is?
 - **24 inches**
 - 48 inches
 - 60 inches
 - 30 inches
- The maximum number of trailers that may be towed by a commercial motor vehicle, with an unloaded weight in excess of 2,500 pounds is:
 - 4 trailers
 - 3 trailers
 - **2 trailers**
 - 1 trailer
- To haul a load or move equipment that is wider, heavier or longer than law permits, you must:
 - Obtain a permit from the police
 - **Obtain a permit from the Texas Department of Transportation**
 - Drive after dark on little travelled roads
 - Request a highway patrol escort
- The greatest height ordinarily allowed by state law for a vehicle including its load is:
 - 12 feet 6 inches
 - 12 feet
 - **14 feet**
 - 13 feet 6 inches
- One purpose of requiring registration papers on trucks at all times is to show:
 - **Weight of the truck empty and how much it is registered to haul**
 - Ownership of the truck
 - Counties in which the truck may be operated
 - Weight of the truck when loaded
