\*\*Service Calls or Installation Projects, must be completed during the current Maintenance Calendar Season of March '24 thru Feb '25. Discount applies to Additional Service Calls and Installations Only. Not applicable for individual product purchases, because we do not sell retail products.

\*Platinum Frequency is 2x per month for a total of 24 visits, with visits being approximately 2 weeks apart.

Typical service visits, regardless of plan chosen, may include the following: Clean filter pads, Check operation of longen (if present), Empty skimmer basket, Add water if needed, Remove or Treat algae, Remove debris from pond, Reseal waterfall rocks as needed, Take note of fish behavior/feeding/signs of stress. Visits will be announced prior to technician's arrival. Service Record door hanger will be left after each visit.
