

Tax Preparation Service Engagement Letter – Please Read and Sign

We appreciate the opportunity to work and advise you regarding your income tax return. To ensure a complete understanding between us, this letter clarifies the nature and limitations of the tax services we will provide.

We will prepare your federal and state income tax returns from information that you furnish to us. You represent that the information you supply to us is accurate and complete to the best of your knowledge. We will not audit or verify the information you give us; however, we may ask for additional clarification of some information.

You have the final responsibility for your income tax returns. You should review them carefully before you approve them. You will receive a copy of your completed returns (printed and/or pdf). Keep them in a secure place. There is a fee for additional copies.

Our work in connection with the preparation of your income tax returns does not include any procedures designed to discover defalcations or other irregularities, should any exist. We will, however, render such accounting and bookkeeping assistance as we find necessary for preparation of your income tax returns.

As you know, your returns are subject to examination by the taxing authorities. In the event of an audit, you may be requested to produce documents, records or other evidence to substantiate the items of income and deduction shown on your tax returns. If an examination occurs, we will represent you if you so desire. However, these additional services are not included in our fee for preparation of your returns.

We will use our judgment in resolving questions where the tax law is unclear, or where there may be conflicts between the taxing authorities' interpretations of the law and other supportable positions. Unless otherwise instructed by you, we will resolve such questions in your favor whenever possible. If, during our work, we discover information that affects your prior year tax returns, we will make you aware of the facts. However, we cannot be responsible for identifying all items that may affect prior year returns. If you become aware of such information during the year, please contact us to discuss the best resolution of the issue.
