Dear: JMAANY/ My Mentor

I'm writing this letter to say how much I'm grateful to benefit from this scholarship program and the different individuals that impacted my life and how much it's has benefited me in a good way.

I must say a big thank you to everyone who played a part in my 6 years of high school, without the benefits of the JMAANY mentorship program I couldn't have been where I am today and I'm grateful for the opportunity. Being a beneficiary of this program I'm very thankful it has helped me and my family tremendously and not only it motivates me to push harder and never quit because persons believe in me.

I also want to thank my mentor (Miss Cecile Johnson) for investing in me. My mentor is a gem. She always encourages me and motivates me to achieve great things and always letting me know that the sky is the limit and I don't only say it I work had hard to reach the skies. There is never a time she speaks to me, and I'm not impacted positively she is very powerful.

Special thanks to the most caring people I know (Aunty Sharon, Coach Lewis, and Mrs. Walker). I just want to express how much I appreciate them and how much they motivate me to do great things, I can always relate to these three individuals about any matter and before concluding the conversation there is a solution to whatever problems there are. Not to mention my Football coach who is a father figure to me on and on the football pitch. Coach Lewis in my eyes is a genius he continues to ensure that I'm ok and that each one talent is being seen whenever you enter the football pitch and to Miss Walker word can't explain how much I love you thanks for grooming me into the individual I am today.

On behalf of the Jackson family, I just want to say a big thank you to the JMAANY mentorship program, My Mentor and other individuals who played a vital role in my success for the past six years I've been at this institution. It just gets better from here and I can say that this program should never stop because I know it will continue to impact on the lives of people who is a part of it and get . I look forward to a great future and not only for me for everyone who participates in this program, and I will surely give back to this noble institution. A BIG THANK YOU!!

Yours truly,
Daniel Jackson
