Subject: Gratitude To The JMAANY Family

To: <1stvp@jmaany.org>

Good day everyone,

I'm Yaheim Evans, member of the JMAANY mentorship program. First I would like to tell you all how thankful I am for what this organization has done for me. I've been part of the program since 2018 and I can say the program has been integral in my academic years. Not only in school has the program benefits me it also helps me beyond school.

Secondly, as a representative of the school football team I would like to say a big thank you to JMAANY for being there for us as student-athletes supporting us in every way possible that you guys could. Your generous support in other departments at the school is not gone unseen either, we are grateful. On behalf of the entire football family at Jose Marti Technical High School I say thank you JMAANY we are grateful for everything you've done for us.

Last but not least, having been a mentee for more than one academic year I can safely say that JMAANY has done alot for me from my first year in the program ever since. The hard work that you guys put in for us as Students to get a good education and achieve something, the work behind the scenes that you all have put in has not gone unnoticed. JMAANY has impacted many students lives and I'm sure that you all will continue to help more students along their journey. I am humbled to have been part of this nurturing environment. On behalf of my fellow mentees I want to say a big thank you to all the JMAANY members, we all appreciate everything you have done for us. We are humbled thank you JMAANY.
