

Why fit in
when you
were born to
stand out?

Dr. Seuss

Twellman SOCCER

Our Leadership Program

Soccer Training that concentrates on technical training and functional drills.

PLUS MUCH MORE

We are introducing, as part of our summer camp and all of your programs our “off the field” personal development through simple but effective activities.

Some of the issues young people face will be addressed:

Increasing self-awareness
Learning new skills, including communication,
visualization and goal setting.

Developing self-respect and self-esteem
Building strengths and talents

Improving health and creating good habits
Enriching social abilities

Most importantly by giving them the hope that
their dreams are achievable
