

## Taylor Twellman **ADVANCED** Pre-season Training for players of all levels of ability

**September 1,2,3** Boys and Girls (6-14)

@Newton location WEEKS Field

**9-NOON** \$215 per player

### Welcome to our 2020 NEWTON Training

Cautiously moving forward, we will have small groups consistent with COVID-19 rules.  
Plus we will end our session each day at the lunch hour, so as to keep the kids health and safety a priority.

Taylor Twellman Advanced Training program maximizes training time by rotating players between specialized training stations that focus on key areas of individual performance including, speed of play, fast foot skills, first touch, advanced techniques, strength, agility & quickness, attacking moves, finishing, and small-sided games.

Almost all the training is done in a game-like environment under pressure replicating match conditions.

All players must be capable of quicker controlled movements on and off the ball and must be able to think faster and make split-second decisions.

**Sample of Daily Schedule:**

9:00-9:45	Leadership Activities introduced (Small Group Warmup)
9:45-10:45	SMALL Group/Skill Sessions
10:45-11	BREAK (small Snack time)
11-NOON	Small Group Sessions

*Introducing Leadership Program (see pdf)*

Providing parents the best opportunity for their kids to play without criticism ... helping young players build confidence  
"on and off the field" " *TaylorTwellman*

Register Today: [www.TwellmanSoccer.com](http://www.TwellmanSoccer.com) / [www.Newtonsoccer.org](http://www.Newtonsoccer.org)

**Please Note:** All participating kids need to bring a small snack and plenty of water. Kids are not allowed to share snacks or water. They will need soccer shoes or tennis shoes, wear shin guards and sunscreen. We will not be providing additional water.

**Bad Weather:**  
If we have weather issues... we will adjust and communicate through email

*Dear Parents:*

*We are excited to have the privilege to work with your kids.*

*Over the past few years, many parents have expressed concern about their child's lack of confidence, self-esteem and overall motivation.*

*With this in mind, our training programs and camps will now feature leadership activities. With leadership activities, our kids will learn lessons on the field that will translate into skills that they can apply off the field.*

*Small changes can make a big difference.*

*Sincerely  
Tim Twellman
