Education  
Energy & Utilities

---

### PROBING QUESTIONS:

1. What solutions do you use to dispatch to the field today?
2. Do you use any pagers, if so, how do you use them?
3. Do you use any SOS applications in the field, if so, what?
4. If you use LMR radios, what issues are you facing (coverage, support, expense, capacity)
5. Are there other departments using LMR radios?

- Delivers all of the benefits of PTT over LTE and WIFI
- No Cell Distraction
- Low Monthly Cost
- Easy to Implement and Manage
- Works with existing LMR Systems
- Panic Button Option

#### Optional Accessories

Belt Clip
