

## Piñata™ Internship Opportunity

Changing the world with ethical, unobtrusive, digital marketing.™

**Department:** Cybersecurity and Operations

**Director's Name/Title:** Liliana Garcia / Director of Governance and Compliance

### About Piñata™

Piñata™ Digital Marketing Inc. is a Delaware C■Corp revolutionizing digital marketing with our patent■pending QNDMBS™ system. We integrate Piñata Wallet rewards into gaming, video, and AI■powered applications to deliver **ethical, unobtrusive, guaranteed ROI marketing™**. Our launch goal is Q2 2026, with integrated apps including *Superior Horse*, *Funky Mallow*, *ViewVault*, and *MindVault*.

### Role Overview

**Entry■Level / Intern Automation Tester:** As an intern, you will assist in identifying and analyzing security vulnerabilities in systems, networks, and applications through scanning, testing, and exploitation under supervision. You will help document and report findings, develop remediation recommendations, and work with security tools and scripts as part of a cybersecurity or red team.

### Key Responsibilities

- Assist in testing software and web applications for vulnerabilities.
- Perform vulnerability scans, manual testing, and basic exploitation under supervision.
- Support reconnaissance and threat analysis activities.
- Document technical findings and contribute to reports with risks and remediation steps.
- Collaborate with developers to explain and resolve security issues.
- Learn and apply industry■standard penetration testing tools and methodologies.

### Required Qualifications

- Currently pursuing a degree in Computer Science, Cybersecurity, Information Technology, or a related field.
- Foundational understanding of networking, operating systems (Linux/Windows), and cybersecurity concepts (e.g., OWASP Top 10).
- Familiarity with penetration testing tools (Nmap, Burp Suite, Metasploit) and vulnerability scanning.
- Basic programming or scripting experience (Python, Bash, JavaScript preferred).
- Analytical thinking, attention to detail, and strong willingness to learn.
- Experience with bug hunting platforms or Capture the Flag (CTF) challenges is a plus.

## Preferred Qualifications

- Strong communication skills; able to explain technical findings to both technical and non-technical audiences.
- Proficient in writing detailed reports and documentation.
- Familiarity with secure coding practices and software development frameworks.
- Prior experience in programming, scripting, bug hunting, or CTF competitions.
- Self-motivated, curious, and comfortable working independently or in a team.

## Application Process

Interested candidates should **upload their resume directly on this site for consideration.**

## Legal & Compliance Notices

- **Equal Opportunity.** Piñata™ is an Equal Opportunity Employer. We evaluate all applicants without regard to race, color, religion, creed, sex, sexual orientation, gender identity or expression, pregnancy, national origin, age, disability, genetic information, veteran/Uniformed Service status, marital status, or any other status protected by applicable law.
- **Reasonable Accommodation.** We provide reasonable accommodations to qualified individuals with disabilities and for sincerely held religious beliefs. If you need assistance with the application or interview process, contact [support@pinatamarketing.net](mailto:support@pinatamarketing.net).
- **At-Will Notice.** Employment and internships with Piñata™ (a Delaware C-Corp operating in California and other states) are *at-will*. Nothing in this posting or related communications creates a contract for employment, specific duties, compensation, duration, or benefits.
- **Background Screening.** Offers may be contingent upon completion of reference and background checks consistent with applicable law (including California's Fair Chance Act). A record does not automatically disqualify a candidate; we make individualized assessments as required by law.
- **Confidentiality & IP.** Finalists must sign Piñata's Confidentiality, IP Assignment, and Acceptable Use agreements and adhere to our Code of Conduct, including the Insubordination clause (cross-referenced to applicable SAFE Agreements where relevant).
- **Work Authorization.** U.S.-based roles require work authorization compliant with federal law. Verification of identity and authorization to work is required upon onboarding.
- **Intern Classification.** Interns will be classified in accordance with applicable law. If unpaid, programs will follow the U.S. Department of Labor's primary beneficiary test and/or school credit requirements. If paid, interns are treated as non-exempt hourly workers in accordance with wage and hour laws.
- **Data Privacy.** By applying, you consent to Piñata's processing of your application data for recruiting purposes, consistent with our policies and applicable privacy laws.
- **No Agency Submissions.** Unsolicited resumes from agencies will not be accepted and do not create any obligation on Piñata™.
