# **PEDOPHILIA**

Pedophilic disorder is a diagnosis assigned to adults who have sexual desire for prepubescent children.

A person must be at least 16 years old (age of consent varies between countries) and at least five years older than the prepubescent child, for the attraction to be diagnosed as pedophilia.

Consumption of child pornography is a more reliable indicator of pedophilia than molesting a child, although some non-pedophiles also view child pornography.

Child pornography may be used for a variety of purposes, ranging from private sexual gratification or trading with other collectors, to preparing children for sexual abuse as part of the child grooming process.

Evidence of familial transmissibility "suggests, but does not prove that genetic factors are responsible" for the development of pedophilia.

While not causes of pedophilia themselves, childhood abuse by adults or comorbid psychiatric illnesses—such as personality disorders and substance abuse—are risk factors for acting on pedophilic urges.

# PROSTITUTION

**Prostitution is the business or practice of engaging in sexual activity in exchange for payment.**

There are about 42 million prostitutes in the world, living all over the world.

(Most of Central Asia, the Middle East and Africa lack data. Studied countries in that large region rank as top sex tourism destinations).

The definition of "sexual activity" varies, and is often defined as an activity requiring physical contact with the customer.

(e.g. sexual intercourse, non-penetrative sex, oral sex, etc.)

Estimates place the annual revenue generated by prostitution worldwide to be over \$100 billion.

The requirement of physical contact also creates the risk of transferring diseases.

# **TYPES OF PROSTITUTION**

## **Street Prostitution**

The prostitute solicits customers while waiting at street corners, sometimes called "the track" by pimps and prostitutes alike. They usually dress in skimpy, provocative clothing, regardless of the weather.

The prostitute rents a window plus workspace off a window operator for a certain period of time, often per day or part of a day. The prostitute is also independent and recruits his/her own customers and also negotiates the price and the services to be provided.

## **Window Prostitution**

## **Brothels**

Brothels are establishments specifically dedicated to prostitution, often confined to special red-light districts in big cities. Prostitution also occurs in some massage parlours, and in Asian countries in some barber shops where sexual services may be offered as a secondary function of the premises.

Escort services may be distinguished from prostitution or other forms of prostitution in that sexual activities are often not explicitly advertised as necessarily included in these services; rather, payment is often noted as being for an escort's time and companionship only, although there is often an implicit assumption that sexual activities are expected.

## **Escorts**

## **Sex Tourism**

Trips organized from within the tourism sector with the primary purpose of creating a commercial sexual relationship by the tourist with residents at the destination. Child sex tourism is defined as travel to a foreign country for the purpose of engaging in commercially facilitated child sexual abuse.

The advent of the Internet has made other forms of sex available for money. This includes computer-mediated cybersex, in which sexual services are provided in text form by way of chat rooms or instant messaging, or audiovisually through a webcam

## **Virtual Sex**

# PORNOGRAPHY

You may think that watching a little porn alone at home doesn't have an impact on sex trafficking...

"As long as America's men are being trained to think that violent, disturbing pornography is sexually acceptable, an enormous clientele for sex traffickers is being created every day in homes, college dorms, and apartments across the nation."

- John-Henry Westen

The Trafficking Victims Protection Act (TVPA) defines sex trafficking as "the recruitment, harboring, transportation, provision or obtaining of a person for the purpose of a commercial sex act."

It also includes "inducing commercial sex acts by force, fraud or coercion."

A "commercial sex act" means "any sex act on account of which anything of value is given to or received by any person." Since porn performers are given money and other items of value, the definition certainly applies to the pornography industry.

"I really wish that people who watch porn knew more about that. Because I think they believe that they're engaging in this activity in a very passive way. And they're like, 'Oh, I'm doing it in the privacy of my own home and this is just a video that I'm watching'. And they're not associating it with the fact that pornography is very often the filmed rape of sex trafficking victims."

- Dr. Mahri Irvine

"While pornographic content includes trafficked victims from around the world, porn consumers aren't told anything about the performers, including which ones may have been trafficked from an early age. Regular users of internet pornography are likely consuming pornography that includes adult and child victims of sex trafficking."

-Noel Bouche

"Various studies show that when pornographic content is viewed, the viewer's mind becomes increasingly calloused to the brutalities of the sex-trafficking industry, which include rape, coercion, sexual violence, and the general idea that women are objects existing for the purpose of providing sexual pleasure."

- Katie Tomkiewicz

# **SEXUAL EXPLOITATION & ABUSE**

Sexual exploitation & abuse (SEA) means taking advantage of the sexuality and attractiveness of a person to make a personal gain or profit. It is the abuse of a position of vulnerability, differential power, or trust for sexual purposes.

- **Sexual exploitation:** Actual or attempted abuse of a position of vulnerability, power, or trust, for sexual purposes, including, but not limited to, profiting monetarily, socially or politically from the sexual exploitation of another.
- **Sexual abuse:** Actual or threatened physical intrusion of a sexual nature, whether by force or under unequal or coercive conditions.

SEA also includes sexual relations with a child, in any context, defined as a human being below the age of 18 years.

## **ACTS OF SEXUAL EXPLOITATION & ABUSE INCLUDE:**

- Sexual assault.
- Demanding sex or making sex a condition for assistance.
- Forcing sex or someone to have sex with anyone.
- Forcing a person to engage in prostitution or pornography.
- Unwanted touching of a sexual nature.
- Refusing to use safe sex practices.

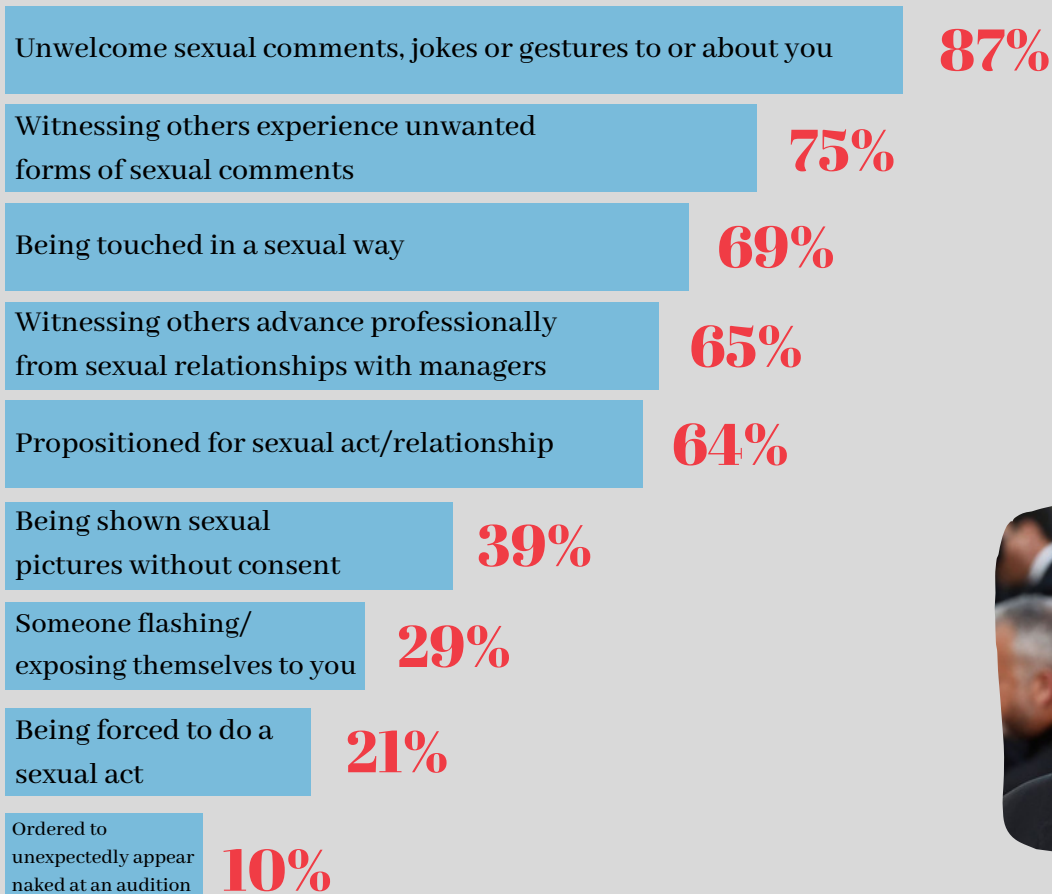

# **SEXUAL EXPLOITATION & ENTERTAINMENT**

Entertainment trafficking is very often connected to sexual exploitation and abuse. Things such as unwanted sexual comments and groping, propositioning women, exposing themselves, coercing women into having sex or doing something sexual, and, especially pertinent to showbiz, forcing women to disrobe and appear naked at an audition without prior warning.

Only one in four women reported these experiences to anyone because of fear of personal or professional backlash or retaliation. This reporting rate holds true for all forms of misconduct addressed in the survey, including being forced to do something sexual.

Of those who did report their experiences, most say reporting did not help them; only 28% say their workplace situation improved after reporting.

# **SATANISM & ENTERTAINMENT**

Popular music and its highly-paid artists are merely pawns of the Elite and are there in order to further manipulate our minds – especially those of impressionable youth and now even young children- not simply there to entertain us.

Today's music industry is rife with people who have been chosen and indeed 'created' to be focal points and the celebrities who carry the burden of providing profits for an intensely money-focussed industry, ultimately regardless of the degree of talent they may or may not possess.

A huge number of artists have commented publicly and even composed songs about literally 'selling their souls' to the devil to further their musical careers. Many well-known rock artists are well-versed in the occult and are aware that spiritual entities and multidimensional 'demons' can manifest themselves through music of a lower vibrational nature.

They have admitted that they use rock music and the rhythms, the lower guttural tones, and their insidious lyrics to lower the vibrational levels of concerts and thus their attendees. And also admitted countless times that they are possessed by their own music and have little control over where these vibrations lead them.

This is typical of almost any satanic 'ritual' or practice; the lowering of consciousness and allowing lower vibrational entities to control a person. These practices often lead to complete loss of control

Pop culture is filled with occult and masonic symbolism. The Illuminati symbolism is utterly blatant and is becoming so transparent that analyses almost become a simple statement of the obvious. Lady Gaga's whole persona, whether it is an act or not, is a tribute to mind control, freemasonry and the occult where being vacuous, compliant, incoherent and simply absent-minded is manipulated into being a 'fashionable', desirable state.

'Lady Gaga' is in fact a fake persona, a manufactured Illuminati puppet, created to unduly influence the impressionable youth of today and to indoctrinate them into the insidious ways of the Elite. In this she is not alone, by far the vast majority of the mainstream music industry is also under their deceptive spell.

# **SATANISM & ENTERTAINMENT**

It is a fact that the human brain thinks at a rate of approximately eight thoughts per second and that the eyes see 20 to 30 separate actions per second, but the brain only uses eight of these to send to the conscious mind. The subconscious absorbs the rest, subliminally and indiscriminately.

However, most live musical performances incorporate video screens with their music at 30 frames per second at the standard American television resolution but they colour eight of the 30 frames differently. They choose which ones we think consciously about and which are just subconsciously absorbed as programming.

Hollywood has used this trick, invented originally by Disney, for many years. It is now illegal in television commercials and regarded as subliminal advertising, which, as most people know is an extremely powerful conditioning tool.

The 'eight per second' frequency is also used by bass tones or bass drums or lights or all together, in a concert or live-show setting and this has the same effect upon the brain as does hypnosis. That is it fragments analytical thoughts so that certain mispronounced or difficult to understand lyrics are immediately absorbed by the subconscious mind.

If we then add in a mix of illegal drugs and fake (or even real) sacrificial blood, create a circle with a pentagram using the stage lights and positions of the musicians within it, place large speakers in strategic positions for 13 separate points of origin of musical sound, altogether this constitutes a bona fide 'Black Mass' replete with 'sacred geometry'.

# OCCULT SYMBOLISM

SYMBOLISM WILL BE THEIR DOWNFALL!

The Illuminati love to hide their symbolism in plain sight as a way of communicating between the “initiated”. Those who are not “enlightened” (in their eyes) cannot understand, so they love it so much they hide the symbols in the infrastructure they control and rule. Their supposedly ‘sacred’ illuminati, occult, and satanic symbolism extends out into all facets of society from architecture and advertising, to religion and entertainment, yet once it is seen and consciously acknowledged, the same recurring themes conveying the same enduring messages can always be identified. Many symbols used by the occult or illuminati are inverted versions of normal symbols because inverting a symbol ascribes an opposite meaning. The biggest thing to consider with these symbols is intention. Just because you catch one person making one symbol does not mean that they are evil. However, if that symbol is misplaced or repeated, you can begin making assumptions of the intention

## INVERTED PENTAGRAM & BAPHOMET

The inverted pentagram, one of the most prolific symbols of satanism, has been used by the illuminati throughout history to signify their dark & satanic belief structure. By inverting a symbol, you ascribe an opposite meaning and so in the case of an inverted pentagram, *a standard pentagram which in itself holds no sinister significance*, is transformed into a symbol of black magic, the occult and satanism that most people probably wouldn't even recognize as being different to any other ‘star’.

Baphomet is a demonic goat god that the illuminati idolize. Inside its center also lies a pentagon, the very same shape and name of the U.S. Department of Defense building that has been responsible for administering untold amounts of violence and aggression against humanity since it's inception.

Both the inverted pentagram and the Baphomet goat god have now also infiltrated the illuminati entertainment industry significantly, with rap stars and pop puppets alike repeatedly featuring symbolic references to both in their music videos as a means to subconsciously plant satanic seeds in the malleable minds of those watching or worshipping.

# OCCULT SYMBOLISM

## 666 & THE SIGN OF THE HORNS

World leaders and celebrities have been repeatedly called out making what are essentially satanic hand signals in front of the masses. The 666 fingers (or 'the A-ok' sign) and the sign of the horns (or 'the heavy metal horns') appear to have been adopted by those in authority to brazenly display in plain sight, their allegiance to the dark side. They 'hide' the symbolic triple six symbolism throughout the establishments they control to subliminally denote their satanic nature. For example, Cern has the 3-6's, which is what Google's symbol represents, and the drawn Mickey logo from Disney is constructed of 3-6's that look like circles.

While most people likely consider the sign of the horns to be nothing more than harmless gesture signifying a love for heavy metal music, the gesture was merely adopted by the genre's sub culture during the 70's. When used by the illuminati and its minions however, the ancient symbol represents the horns of Satan, the devil, or the goat god that they repeatedly reference throughout their sinister symbolism. Obama, Bush and the rest of the dark suits in control are unlikely diehard heavy metal fans so whenever they are seen to be casually flipping the horns in front of millions, they are not displaying their fondness for a certain musical genre but are actually saluting their dark lord, Satan himself.

## THE GODDESS & THE FLAMING TORCH

Goddesses, especially those bearing a torch or 'eternal flame', have long been used as a perverse symbol of the 'enlightened' ones. To those who are unaware, a beautiful goddess holding an illuminating torch may not seem particularly sinister, however, to the illuminati it is used as an unsuspecting means to symbolize their dark beliefs. The enduring goddess represents the female equivalent of demonic male deities like Lucifer the light-bringer. This is the reason why we repeatedly see so much attention being drawn to both the goddess and the eternal flame through the numerous illuminati controlled media outlets today.

For example, the Olympic torch which was first used in 1936 by the Nazis is now ceremoniously passed from pillar to post (or pyramid to pentagram) allowing the unwitting masses to bask in the light of Lucifer. Another example is how almost every major female celebrity puppet goes through a predictable phase of global goddess role-play which gives the entertainment illuminati their occult kicks.

# OCCULT SYMBOLISM

## THE MASONIC COMPASS & SQUARES

Freemasonry, the biggest secret society in the world, is intrinsically linked to the illuminati. The fraternity unsurprisingly traces its roots back to Babylon and Sumer and is today used as a means to channel and conceal esoteric information that only the 'elite' few remain privy to. The lower degrees of the secret society, or what most people would consider Freemasonry in its entirety actually hold no real authority, instead, it is the unseen upper echelons that only the initiated few reach, that hold the real secrets

Freemasonry's main symbol is the Masonic square and compasses, which surround an upper case G. While the square and compasses represent the tools of the architect, the letter G stands for God or the 'grand architect' who Freemasons and the illuminati alike both worship. The 'god' these secretive psychopaths worship however, is very different to the benevolent deity most envisage when speaking of 'God'.

Albert Pike, a Sovereign Grand Commander allegedly predicted three world wars that would lead to global domination (or a new world order) with the third being caused by differences between political Zionists and those of the Islamic world. Consider this 'prediction', then take into account the motto of the 33rd degree of the Scottish Rite of Freemasonry: "Ordo Ab Chao" or "order out of chaos" and it's not difficult to see that the higher tiers of Freemasonry play a significant part in helping to foment the illuminati agenda.

## THE OBELISK

This tall, four sided phallic pillar or monolith usually featuring a pyramid at its apex, has been constructed by the illuminati for centuries as a flagrant symbol of their power and unseen authority. Almost every main city in the world features an imposing illuminati obelisk of some sort, from Washington D.C. to The Vatican and as with any occult symbol or structure, there is far more to them than mere monument.

Intrinsically linked to the esoteric school of Freemasonry, these 'monuments' are actually huge phallic tributes to various incarnations of ancient Sumerian, Mesopotamian, Babylonian & Egyptian gods such as Ba'al, Nimrod, & Ra. Pointing up at the sky in all their 'glory' for everyone to see, they also perhaps hint at exactly where the ancient illuminati bloodlines who erected them believe they originally descended from.

# OCCULT SYMBOLISM

## SERPENTS, REPTILES, & DRAGONS

These largely feared creatures have long been used to symbolize the cold-blooded and callous ruling 'elite'. From ancient myths to more modern portrayals encompassing corporate identities and Hollywood blockbusters, lizard-like beasts play a significant role in illuminati imagery. This is partly due to the fact that the emotionless 'elite' relate closely to the characteristics these creatures have always been revered for. However, the symbolism of the snake may also be linked to the controversial theory that these archaic interbreeding bloodlines (who still forcibly maintain control today) are actually the distant descendants of an ancient reptilian extraterrestrial race that originally came to Earth to hybridize the relatively unevolved native Homo erectus and create a genetically manipulated slave species (that would be us).

## THE MONARCH BUTTERFLY

The Monarch butterfly is used by those within the entertainment industry to symbolize the trauma based mind control techniques being carried on the performing puppets we see relentlessly paraded in front of the idolizing masses. Used in this context, the butterfly refers to the now declassified Project MK-ULTRA, a sadistic mind control program developed by the CIA comprising a combination of psychology, science, and occult ritual which was tested extensively on the military as well as civilians. It allows for the creation of mind controlled military, celebrity, or even sex slaves with multiple personalities or behaviors that can be triggered at any time by a 'handler'. It is no mere coincidence then, that we see butterflies (and Monarch butterflies in particular) as a recurring theme permeating the artificial, illuminati influenced entertainment industry today.

# OCCULT SYMBOLISM

## THE PYRAMID & ALL SEEING EYE

The pyramid and the all-seeing eye are of course the most obvious and commonly used symbols of the illuminati (and anyone who wants to be perceived as being a part of the illuminati). Supposedly symbolizing the enlightenment that the illuminati believe they have attained, the pyramid and all-seeing eye also stand for hierarchy and control and as with much of the their tedious occult symbolism.

Also known as the Eye of Providence, the illuminati pyramid was added to the original design of the so called 'great' seal of the United States in 1776 (coincidentally also the year the Bavarian illuminati was founded) and to this day remains a prominent feature of the most widely circulated note on the planet, the dollar bill.

The pyramid harks back to the ruling ancient Egyptian bloodlines that the psychopaths in power today believe they are the distant descendants of, with the all-seeing eye representing the violent eye of Horus, a symbol of royal authority in ancient Egypt. The pyramid also features 13 steps, which some say is representative of the 'top' 13 illuminati bloodlines and the fact that it remains incomplete signifies the unfinished work which is now being carried out by the illuminati in order to achieve an Orwellian 'new world order'.

# OCCULT SYMBOLISM

## THE OWL

The owl is another somewhat sinister animal the illuminati have adopted to symbolize their serendipitous ways.

Representative of wisdom and secrecy, the owl sees in the dark similar to how the illuminati (who also believe they are the custodians of some forbidden knowledge) see all through their elevated institutions of control.

For these reasons, omnipresent owls can be seen at sinister locations such as Bohemian Grove; the 2,700 acre sacrificial playground of the global 'elite' set in the Redwood forests of Monte Rio, California, or watching willfully from the 'grand' architecture of so called academia, or even being promoted as something fashionable to the impressionable young masses by the latest mind controlled illuminati puppets.

## THE SUN

The illuminati are essentially an ancient sun worship cult to whom the sun represents Lucifer (the light-bringer) and so it's no surprise that the sun and its illuminating rays of 'knowledge' play a large part in their supernatural symbolism. While most people (including those who may have directly worshipped the sun for its life giving properties in the past) would never regard it as something sinister, the illuminati take something otherwise benign and unsuspecting, twist it and use it as a subversive means of symbolizing their satanic deity Lucifer the 'fallen angel' or 'light-bringer' whom those in control believe they are ultimately carrying out the direct duties of here on Earth. Secret sun symbolism permeates everything today from government propaganda and corporate identity to spirituality-spoiling religion and mind numbing so called 'entertainment' in order to fool the masses into inadvertently worshipping the same demonic deity that the insane illuminati do.

# SATANIC RITUAL ABUSE (SRA)

SRA includes emotional abuse (terrifying threats, deliberate heightening of fear, etc.), sexual abuse (incest, mutilation of genitals, etc.), other physical abuse (beating, cutting, etc.), and spiritual abuse (taunts that God has rejected them, He won't forgive them, Jesus is defeated, etc.).

The ritual elements of the abuse are always satanic or occultic. Features of satanic ceremony folklore — such as the black mass, human sacrifice, drinking of blood, and satanic symbols — are common.

SRA stories are often non-isolated events of a psychotic or sociopathic individual, but as part of a widespread, multigenerational, and nearly omnipotent satanic group. These stories involve anywhere from thousands to millions of cultists — many of them in the very highest levels of society, including government, law enforcement, mental health institutions, and even religious leadership. We have heard SRA stories accusing famous televangelists, police chiefs, FBI agents, the Pope, CIA leaders, U.N. diplomats, millionaires, philanthropists, pastors, school teachers and principals, psychiatrists, and others.

Some readers may be atheists or don't believe Satanic Ritual Abuse is a real phenomenon, but it absolutely is. Nobody even needs to believe in Satan or the Devil or any evil entity from any religious pantheon because the elites *do* and that is how *they* operate, regardless of *your* beliefs. It is impossible for humans to naturally be psychopathic and commit such horrible crimes against their own without possession by evil entities and/or an underlying evil belief system as promoted by the mind control propaganda of major institutions and corporate oligarchy contributing to political discord, evil secret societies and evil occult/esoteric/ceremonial magic lodges and groups.

Keep in mind here that “satanic” also means evil, extremely cruel or vicious and so applies to anyone practicing ritual abuse and human sacrifice in any pantheon, so they all serve the so-called “Illuminati” elites for the New World Order agenda.

A white male child of perfect  
innocence and intelligence makes  
the most suitable victim.

AZ QUOTES

Satanic Ritual Abuse serves many ends, not least of which is human sacrifice (Faustian pact) for their goals, the raping of children combined with vampirism to drain their vitality (a dark form of sex magic that has been documented) and traumatize them enough (with other techniques) to make them into mind control and sexual slaves, and to drink the adrenalized blood of children (adrenochrome) as well as cannibalize them.

# **WHAT CAN YOU DO TO HELP?**

## **Follow Survivors and Listen to Their Stories:**

- So many people doubt survivor stories, so it is important that you believe, hear, and trust what survivors are telling you.
- Many survivors write books, host or be guests on podcasts, share their story on their social media pages.
- These survivors should be more famous than the Hollywood elite/puppets, but that only happens if we elevate them as they deserve.

## **Share Stories:**

- The easiest way to elevate a survivor's story is to share their posts, videos, podcasts, and/or merchandise.
- Liking and sharing posts will change the algorithms and allow more people to see this amazing content

## **Follow Truth Tellers:**

- There are many people/organizations who are starting to speak out on behalf of survivors and these groups need your support as well.
- Liking and sharing posts will allow more people to see content educating people about human trafficking and sexual abuse.

## **Find Others in Your Area:**

- Look for rallies or events being held in your town or area.
- Reach out to the organizer to get more information as to how you can help or what is required.
- This is the best way to meet new people who are like-minded

## **Talk, Talk, Talk:**

- Not everyone can use their social media to support survivors and truth tellers, however you can use your voice to speak up about what is happening.
- Discuss a podcast you heard and offer to share it or talk about safety and how to keep your family aware.
- The power of planting a seed is huge. Small conversations lead to big change, so continue to drop those seeds.

## **Trust your Gut/Intuition:**

- Not everything is what it seems...do your research, listen to all stories, and trust your gut reaction.
- Not all organizations are good just because they say they serve the children.
