PATIENT / PARENT / GUARDIAN CONSENT

To be completed by Patient / Parent / Guardian

I understand and acknowledge that:

- ✓ A blood, saliva or tissue sample will be used to test DNA;
- ✓ I will be told the results by a health practitioner;
- ✓ This is not a "general health test";
- ✓ Results are based on current knowledge that may change in the future;
- ✓ This test will not predict all future health problems;
- ✓ I can change my mind about having the test performed or about receiving genetic test results at any time by contacting the health practitioner;
- ✓ There are a number of different possible results from the testing and these can have implications for *me/my child* and *my/my child's* family;
- ✓ The results may be of "unknown or uncertain significance", which means they cannot be understood based on current knowledge;
- ✓ There is a chance that some genetic tests could identify other medical conditions (or susceptibility to other medical conditions) as an incidental finding;
- ✓ The genetic test results may identify unexpected family relationships;
- ✓ The genetic test results may affect *my/my child's* ability to obtain some types of insurance (for example, life insurance);
- ✓ Further testing may be needed to finalise the result;
- ✓ The reason for testing and the potential benefits, consequences and limitations involved in the testing have been explained in a way I understand;
- ✓ I have had an opportunity to discuss the information, ask questions and have any concerns addressed and I am satisfied with the explanations and answers to my questions;
- ✓ *My/my child's* results are confidential and will only be released with my consent or as required or permitted by law.

RELEASE OF GENETIC TESTING RESULTS (please tick YES or NO)

► *My/my child's* test results can be shared with relevant health practitioners involved in the care of *my/my child's* family members (genetic relatives): ☐ Yes ☐ No

Genetic relatives are people who are related to an individual by blood, for example, a sibling, parent or descendant of the individual.
Please note: Genetic information can be used and disclosed without consent in order to lessen or prevent a serious risk to the life, health or safety of a genetic relative no further removed than third degree; and, only where the disclosure is made in accordance with the guidelines issued by the Information and Privacy Commission NSW.

► If I cannot be contacted, details of *my/my child's* test results can be released to a nominated individual: ☐ Yes ☐ No

Please provide contact details for an appropriate person:
